

2011 FORMULAS FOR THE

ADJUSTMENT TO THE

LIFE, HEALTH & ANNUITY GUARANTY ASSOCIATION MODEL ACT ASSESSMENT BASE RECONCILIATION EXHIBIT

Attached are listed the various formulas that will be used in determining each states assessable premium base for the Life, Health & Annuity Guaranty Association assessments. All line references are to the Adjustments to the Life, Health & Annuity Guaranty Association Model Act Assessment Base Reconciliation Exhibit (Adjustments Exhibit). Pay special attention to any state specific notes. You must comply with these states' specific notes in completing the Adjustments Exhibit. You must complete every line of the Adjustments Exhibit for all states, District of Columbia and Puerto Rico in which you are licensed or had business during the reporting year. **Do not fill out this form for those states which utilize the Life, Health & Annuity Guaranty Association Model Act Assessment Base Reconciliation Exhibit (Base Exhibit) for their respective assessment premium base (these states have adopted the Life and Health Insurance Guaranty Association Model Act (Model Act) or language similar to that used in the Model Act and may be identified by referring to the respective assessment premium base formulas).** DO NOT SUBMIT the Adjustments Exhibit for American Samoa, Guam, U.S. Virgin Islands, Canada, and other alien jurisdictions.

The formulas have been obtained from the National Organization of Life and Health Insurance Guaranty Associations (NOLHGA) and are based upon the Base and Adjustments Exhibit that have been adopted by the NAIC for 2011. These formulas are subject to review by the Life & Health State Guaranty Associations and may be changed. You will be notified of any changes that may affect the 2011 assessable premium base.

Summary of Changes From 2010 Formulas:

Arkansas (3)
California (1, 3, 4, 5, 7)
Idaho (2, 4, 5)
Iowa (1, 2, 6)
Kansas (2, 3, 4)
Kentucky (2)
Montana (7)
Nevada (1)
North Dakota (7)
Oregon (1, 2, 3, 4, 5, 7)
Texas (7)
Vermont (3)

Note also that deductions related to multiple non-group life insurance owned by one owner should now be taken on Base Exhibit Line 9 Column 1.

Revisions to the Guaranty Association Model Act since 1997

Certain changes have been made to the guaranty association model act since 1997 that may have an impact on the coverage of certain types of policies or contract and thus the assessable premium base. These changes impact: (1) Account structure (premiums received on certain unallocated annuity contracts owned by governmental retirement plans that are now included in the annuity account); (2) Coverage and assessable premiums received on multiple non-group life policies; (3) Elimination from coverage interest that is tied to an external index; (4) Coverage afforded to payees of structured settlement annuities; (5) Coverage afforded to certain unallocated annuity contracts with book value accounting; (6) Coverage afforded to the plan sponsors (as opposed to contract holders) of certain unallocated annuity contracts and (7) coverage afforded to Medicare-related products (parts C&D).

The changes are discussed in detail below. Included in each section is a summary of the state guaranty associations that have adopted the related language (or language similar to) and the impact of the adoption on the Base and Adjustments Exhibits. **You should pay particular attention to the notes regarding the reporting of assessable premium in these states.**

2011 Formulas to Adjustment Exhibit (continued)

(1) Account structure (premiums received on unallocated annuity contracts owned by governmental retirement plans established under 401(k), 403(b) and 457 are now included in the annuity account)

When completing the Base and Adjustments Exhibits, bear in mind the following points (these are not new changes):

- (1) transfers made on Base Exhibit line 4.1 from Col. 2 to Col. 4 for amounts received on contracts established under section 403(b) of the U.S. Internal Revenue Code should include amounts received on **both allocated and unallocated annuity contracts owned by either governmental or non-governmental retirement plans (or their trustees).**
- (2) transfers made on Base Exhibit line 4.2 from Col. 4 to Col. 2 for **amounts received on allocated annuity contracts** should include amounts received on contracts owned by **both governmental and non-governmental retirement plans (or their trustees)** for contracts established under sections 401(k) and 457 of the U.S. Internal Revenue code.
- (3) transfers made on Base Exhibit line 4.3 from Col. 2 to Col. 4 should include **amounts received on unallocated funding obligations** issued to fund **both governmental and non-governmental retirement plans (or their trustees)** for contracts established under sections 401(k) and 457 of the U.S. Internal Revenue code.
- (4) transfers made on Adjustment Exhibit line 2 from Col. 4 to Col. 2 should include **amounts received on allocated contracts** issued to fund **both governmental and non-governmental retirement plans (or their trustees)** established under section 403(b) of the U.S. Internal Revenue code.

The current formula is designed to report all amounts received to fund allocated annuity contracts owned by both governmental and non-governmental retirement plans (or their trustees) established under sections 401(k), 403(b) and 457 of the U.S. Internal revenue Code within the allocated annuity account. Although amounts received on unallocated funding obligations owned by a governmental retirement plan (or its trustee) established under sections 401(k), 403(b) or 457 of the U.S. Internal Revenue Code are supposed to be included in the allocated annuity account, the current form does not accommodate transfers for these. **Therefore, these amounts have been excluded from both the allocated and unallocated annuity accounts. You MUST complete Adjustment Exhibit line items 5.2, 6.1, 6.2 and 6.3 for any amounts included in Adjustment Exhibit Line 1, Col.4 related to these contracts. These line items will be captured separately and provided to the affected guaranty associations to include in the allocated annuity account.** This process is similar to the 403(b) premium capture in LA and TN. Note that non-governmental 401(k), 403(b) or 457 plans funded by an unallocated annuity contract are to remain in the unallocated annuity account.

<u>States adopting the above provision (or language similar to) include:</u>	
Alaska – effective 9/4/00	Arkansas – effective 8/1/97
Connecticut – effective 6/6/01	Delaware – effective 7/18/96
Illinois - effective 8/20/10	Indiana – effective 3/28/06
Iowa – effective 7/1/10	Maine - effective 5/11/09
Michigan – effective 1/10/07	Mississippi – effective 3/15/99
Montana - effective 7/1/03	New Hampshire – effective 5/18/10
North Dakota – effective 8/1/99	Rhode Island – effective 6/9/04
Utah – effective 4/30/01	Washington – effective 7/22/01

The following states adopted coverage language with respect to each individual participant in a governmental retirement benefit plan established under sections 401(k), 403(b) and 457 covered by an unallocated annuity. However, they have a single annuity account which combines both allocated and unallocated annuity premiums. You should complete Adjustment Exhibit Lines 5.2, 6.1, 6.2 and 6.3 to be consistent with the other states in this section.

Texas – effective 9/1/05	Virginia – effective 7/1/10
--------------------------	-----------------------------

The following states exclude any unallocated annuity from coverage, lines 5.2 and 6.3 will NOT be combined with the allocated annuity account. However, these line items must still be completed in order to eliminate the unallocated annuity premium from the assessable base.

California – effective 9/27/10	Nevada
Oregon – effective 3/4/10	South Dakota - effective 7/1/03

(2) Coverage and assessable premiums received on multiple non-group life insurance owned by one owner

Limits coverage with respect to any one owner of multiple nongroup policies of life insurance, whether the policy owner is an individual, firm, corporation, or other person, and whether the persons insured are officers, managers, employees, or other persons, to \$5,000,000 in benefits regardless of the number of policies and contracts held by the owner (commonly referred to as corporate-owned (COLI) or bank-owned (BOLI) life insurance contracts). Since the premium definition includes a limitation as to the amount of premiums subject to assessment (similar to unallocated annuity premiums), **on Base Exhibit, Line 9, Col. 1 ONLY, deduct premiums in excess of \$5,000,000 (unless another amount is stated) that are included in Adjustment Exhibit Line 1 with respect to any one owner, whether the policyowner is an individual, firm, corporation, or other legal entity, and whether the persons insured are officers, employees, or other persons in whose lives the policyowner has an insurable interest, regardless of the number of policies held by the owner.**

States adopting the above provision (or language similar to) include:

Arkansas – effective 8/1/97 (NOTE that the deduction is \$1,000,000 as opposed to \$5,000,000)
California – effective 8/1/97
Connecticut – effective 6/6/01
Delaware – effective 6/5/02 (NOTE however that the coverage and deduction is \$1,000,000 as opposed to \$5,000,000)
Idaho – effective 7/1/11
Illinois – effective 8/20/10
Iowa – effective 7/1/10
Maine – effective 9/17/05
Michigan – effective 1/10/07
Mississippi – effective 3/15/99
Missouri – effective 7/13/10
Montana - effective 7/1/03
Nebraska – effective 3/15/01
Nevada – effective 1/1/02
North Dakota – effective 8/1/99
Oklahoma - effective 11/1/10
Rhode Island – effective 1/1/05
South Dakota - effective 7/1/03
Tennessee - effective 4/5/10
Texas - effective 9/1/05
Utah – effective 4/30/01
Virginia – effective 7/1/10
Washington – effective 7/22/01
West Virginia – effective 7/10/09

However, certain states have NOT included this limitation in the premium definition, therefore all amounts received are still subject to assessment. You are NOT allowed a deduction for the amounts received in excess of the coverage limitation.

States adopting this provision include:

Alaska – effective 9/4/00
Indiana – effective 3/28/06
Kansas – effective 7/1/11
Kentucky – effective 7/15/98 (also note coverage is limited to \$1,000,000)
Oregon - effective 3/4/10

(3) Elimination from coverage interest that is tied to an external index

Eliminates from coverage that part of a policy or contract to the extent that it provides for interest or other changes in value to be determined by the use of an index or other external reference stated in the policy or contract, but have not yet been credited or as to which the policy or contract owner's rights are subject to forfeiture, as of the date the member insurer becomes an impaired or insolvent insurer, whichever is earlier (these type of contracts may be known as equity-indexed contracts). **Note premiums received on contracts whose interest is determined by an index are still subject to assessment, there is no impact on the reporting of assessable premiums and no deductions are allowed.**

States adopting this provision (or language similar to) include:

Alaska – effective 9/4/00	Arkansas
California – effective 9/27/10	Colorado – effective 5/26/00
Connecticut – effective 6/6/01	Delaware – effective 6/5/02
Florida – effective 5/11/10	Idaho – effective 7/1/05
Illinois – effective 8/20/10	Indiana – effective 3/28/06
Iowa – effective 7/3/00	Kansas – effective 7/1/11
Maine – effective 9/17/05	Michigan – effective 1/10/07
Minnesota – effective 5/21/01	Missouri – effective 7/13/10
Montana - effective 7/1/03	Nebraska – effective 3/15/01
Nevada – effective 1/1/02	North Dakota – effective 8/1/01
Oklahoma – effective 11/1/10	Oregon – effective 3/4/10
Rhode Island – effective 6/9/04	South Dakota - effective 7/1/03
Tennessee – effective 4/5/10	Texas - effective 9/1/05
Utah – effective 4/30/01	Vermont – effective 7/1/10
Virginia – effective 7/1/10	Washington – effective 7/22/01
West Virginia – effective 7/10/09	Wisconsin – effective 4/30/04

(4) Coverage afforded to payees of structured settlement annuities

For structured settlement annuities, coverage is provided to a person who is a payee or beneficiary of a payee under a structured settlement annuity if the payee is a resident, regardless of where the contract owner resides or is not a resident but only if (a) the contract owner of the structured settlement is a resident or the owner is not a resident but the insurer issuing the annuity is domiciled in this state and the state where the owners resides has an association similar to this state and (b) neither the payee nor the contract owner is eligible for coverage by the association of the state in which the payee or owner resides. However, no coverage is provided if the payee or beneficiary is afforded any coverage by another association. **Since the survey is not designed to transfer amounts among states and since a limited number of states have adopted the payee language and most states cover structured settlements based on the contract owner, there should only be a limited impact on the reporting of amounts received related to payees structured settlements. As such, structured settlements should still be reported based on the contract owner residing (as opposed to the payee).**

States adopting this provision (or language similar to) include:

Alaska – effective 9/4/00	Arkansas – effective 8/1/97
California – effective 9/27/10	Colorado – effective 5/26/00
Connecticut – effective 6/6/01	Delaware – effective 6/5/02
Florida – effective 5/11/10	Idaho – effective 7/1/11
Illinois – effective 8/20/10	Indiana – effective 3/28/06
Iowa – effective 7/1/10	Kansas – effective 7/1/11
Kentucky – effective 7/15/98	Maine – effective 9/17/05
Michigan – effective 1/10/07	Minnesota – effective 4/26/10
Mississippi - effective 3/15/99	Missouri - effective 7/13/10
Montana - effective 7/1/03	Nebraska – effective 3/15/01
Nevada – effective 1/1/02	New Hampshire – effective 1/1/96
North Carolina – effective 8/7/09	North Dakota – effective 8/1/99
Oklahoma – effective 11/1/10	Oregon – effective 5/27/11
Rhode Island – effective 1/1/96	South Dakota - effective 7/1/03
Tennessee – effective 4/5/10	Texas - effective 9/1/05
Utah – effective 4/30/01	Vermont – effective 5/29/10
Virginia – effective 7/1/00	Washington – effective 7/22/01
West Virginia – effective 7/10/09	Wisconsin – effective 5/13/10

Unallocated Annuities:

(5) Coverage afforded to certain unallocated annuity contracts with book value accounting. Eliminates from coverage of unallocated annuity contracts a contractual agreement that establishes the member insurer's obligations to provide a book value accounting guaranty for defined contribution benefit plan participants by reference to a portfolio of assets that is owned by the benefit plan or its trustees, which in case is not an affiliate of the member insurer (these type of plans may be known as synthetic-GICs or financial guaranty plans). **Deduct on Base Exhibit, Line 9, Col. 4, those amounts received for unallocated contracts for book value accounting guaranty contracts.** Remember; DO NOT include these amounts in any other line item deductions on either the Base or the Adjustments Exhibits.

States adopting these provisions (or language similar to) include:

Alaska – effective 9/4/00
Arkansas – effective 8/1/97 – (In addition, eliminates from coverage unallocated annuity contracts issued to a collective investment trust or similar pooled fund offered by a bank or other financial institution.)
Connecticut – effective 6/6/01
Delaware – effective 6/5/02
Illinois – effective 8/20/10
Indiana – effective 3/28/06
Iowa – effective 7/3/00
Michigan – effective 1/10/07
Minnesota – effective 8/1/99
Mississippi - effective 3/15/99
Montana - effective 7/1/03
North Dakota – effective 8/1/99
Rhode Island – effective 1/1/05
Texas - effective 9/1/05
Utah – effective 4/30/01
Virginia – effective 7/1/10
Washington – effective 7/22/01
West Virginia – effective 7/10/09

The following states exclude any unallocated annuity from coverage, the exhibits may be completed under the same basis as has been done historically. There is no change to the formula used.

California – effective 9/27/10	Idaho - effective 7/1/11
Kentucky – effective 7/15/98	Maine – effective 9/17/05
Missouri - effective 7/13/10	Nebraska – effective 3/15/01
Nevada – effective 1/1/02	Oklahoma – effective 11/1/1003
Oregon - effective 5/27/11	South Dakota – effective 7/1/03
Tennessee – effective 4/5/10	Wisconsin - effective 4/30/04

(6) Coverage afforded to the plan sponsors (as opposed to contract holders) of certain unallocated annuity contracts. Coverage is provided to persons who are the owners of the unallocated annuity contracts if such contracts are issued to or in connection with a specific benefit plan whose plan sponsor has its principal place of business in this state, unless another state provides coverage based on the contract owner location. Coverage for unallocated annuity contracts issued to or in connection with government lotteries is still based on the residency of the owner. Since the survey is not designed to transfer amounts among states and since a limited number of states have adopted these new amendments based on the residence of the plan sponsor, there should only be a limited impact on the reporting of amounts received related to plan sponsors of unallocated annuity contracts. **As such, the Survey form should still be completed based on the contract owner state.**

States adopting these provisions (or language similar to) include:

Alaska – effective 9/4/00	Connecticut – effective 6/6/01
Delaware – effective 6/5/02	Illinois – effective 8/20/10
Indiana – effective 3/28/06	Iowa – effective 7/1/10
Michigan – effective 1/10/07	Mississippi - effective 3/15/99
Montana - effective 7/1/03	North Dakota – effective 8/1/99
Rhode Island – effective 1/1/05	Texas – effective 9/1/05
Utah – effective 4/30/01	Virginia – effective 7/1/10
Washington – effective 7/22/01	West Virginia – effective 7/10/09

Health:

(7) Coverage is excluded for Medicare Part C or D health insurance. This would also include Medicare Part D only plans. If a state is not listed, then the products are presumed covered by guaranty associations and the related premiums are subject to assessment.

States adopting these provisions (or language similar to) include:

California – effective 9/27/10	Delaware – effective 1/6/10
Florida – effective 5/11/10	Idaho – effective 7/1/09
Illinois – effective 8/20/10	Iowa – effective 7/1/10
Kansas – effective 1/1/10	Kentucky – effective 3/30/10
Louisiana - effective 8/15/09	Michigan – effective 9/2/10
Minnesota – effective 4/28/10	Missouri – effective 7/13/10
Montana – effective 3/18/11	North Dakota – effective 8/1/11
Oklahoma – effective 11/1/10	Oregon – effective 5/27/11
Rhode Island - effective 1/1/10	Tennessee – effective 4/5/10
Texas – effective 6/1/11	Utah – effective 5/11/10
Vermont – effective 5/29/10	Virginia – effective 7/1/10
West Virginia - effective 7/10/09	Wisconsin – effective 5/13/10

Additional Notes:

Idaho, effective 7/1/00

Eliminates from coverage unallocated annuity contracts including an annuity owned by a defined benefit pension plan or trust. **No changes are necessary to the formulas previously used as unallocated annuity contracts were excluded from assessment**

Kansas, effective 2/25/98

Provides coverage for unallocated annuity contracts covering individuals participating in governmental deferred compensation plan established under section 457 of the U.S. Internal Revenue Code. Premiums received on these contracts are viewed as allocated and should be included in Col. 2 by either: (1) including the transfer amounts on Base Exhibit Line 4.2 if initially reported in Col. 4 or (2) excluding from transfer amounts on line 4.3 if initially reported in Col. 2. However, you should note there is no change in the KS formula from that used in prior years. Also, KS does not cover any other type of unallocated annuity contracts.

Minnesota, effective 8/1/99

Eliminates from coverage an annuity contract issued in connection with and for the purpose of funding a structured settlement of a liability claim, where the liability insurer remains liable,
