Agenda

1. Overview and scheduling of a proposal to the Blanks Committee to adopt a “State Page” for the Title Insurer Annual Statement.
2. Discussion of the need and purposes of the State Page data.
3. Discussion of the merits of the proposal regarding content, granularity, cost and other considerations.
4. Discussion of courses of action and possibly vote.

The purpose of the conference call January 28, 2009 is to discuss the proposal for a State Page for title insurers submitted last November by Mr. Cox, P&C Actuary, Missouri Department of Insurance, in response to Superintendent Chavez’s request for data collection proposals. The State Page was first exposed at the Working Group’s conference call on November 14 and was discussed again at the Winter NAIC meeting in Dallas. If the Working Group agrees, the proposal needs to be submitted to the Blanks Committee expeditiously in order to be included in the 2010 annual statement.

If any party wishes to provide written comment on the proposed State Page, please email them to Joe Bieniek at JBieniek@naic.org prior to January 26.

Alan Seeley has asked David Cox to lead a subcommittee of regulators, consumers and industry to discuss and refine the proposed State Page. Interested parties should contact David at 314-909-1320 or David.Cox@insurance.mo.gov who intends to get started right away.
