Subject: RE: NAIC Notice: Special Accreditation Standards (D) Working Group Accreditation Proposal Concept (2009-07-20)

Commissioner Tyler and Mr. Leonard,

Thank You for providing the latest version of Market Regulation Accreditation proposal and thank you for your continued work on this project.

I have read the attached Accreditation proposal and agree with the general concept of the proposal. This seems workable and can be tailored for each states specific nuances.

As requested, I am not providing comment for the sample elements provided in the proposal at this time; however I will probably have questions/comments when we evaluate and discuss the specific elements to be included.

I look forward to further discussion.
