E. Risk-Sharing Provisions of the Affordable Care Act (ACA)

NOTE: Any reporting entity that reports accident and health insurance premium and losses on their statement that is subject to the Affordable Care Act risk-sharing provisions MUST complete the tables illustrated below, even if all amounts in the table are zero.

(1) Did the reporting entity write accident and health insurance premium that is subject to the Affordable Care Act risk-sharing provisions (YES/NO)? ______________

The company had zero balances for the risk corridors program due a lack of sufficient data to estimate the recoverable amounts.

If the VOS data file does not provide a designation for a specific security, an “FE,” “AM,” “FM,” “S”, “Z” or “F” must follow the designation reported in this column.

Refer to the flow chart in the Investment Schedules General Instructions for instruction on how to determine the NAIC designation for structured securities.

Preferred Stock NAIC Designations:

Insert the NAIC designation for such security reported in the *Valuations of Securities*. Include the market indicator A, J, K, L, U or V at the end of the NAIC designation. Any NAIC designation that is not obtained from the current edition of the *Valuations of Securities* or its Supplement and that is entered by the reporting entity under its own judgment shall have the letter FE, Z, F or S appended to the designation.
