HEALTH REFORM SOLVENCY IMPACT (E) SUBGROUP
February 21, 2012

Summary Report

The Health Reform Solvency Impact (E) Subgroup met via conference call Feb. 21, 2012. During this meeting, the Subgroup:

1. Adopted a 2012 blanks proposal that included amendments to the Supplemental Health Care Exhibit (SHCE) blank and instruction. The Subgroup referred the proposal to the Blanks (E) Working Group to go through the normal blanks process. The Subgroup will respond to comments received by the Blanks (E) Working Group during the exposure period. The proposal included modifications suggested by interested parties to include:

   a) Updating a reference from SSAP No. 10R to SSAP No. 101.
   b) Adding/deleting language on Line 1.6 of Part 2 to be consistent with the final ruling of the federal Patient Protection and Affordable Care Act as it relates to community benefits.

2. Adopted a proposed new charge to develop a reconciliation between the SHCE and the U.S. Department of Health and Human Services’ (HHS) medical loss ratio (MLR) rebate form. The Subgroup members agreed to submit a request to the Financial Condition (E) Committee asking for the charge of developing a reconciliation between the SHCE and the HHS MLR rebate form for analysis/audit purposes for the 2012 reporting year and to further determine whether a supplemental reconciliation reporting form should be developed for 2013 and beyond.
