Summary Report

The Health Reform Solvency Impact (E) Subgroup met May 5, 2010. During this meeting, the Subgroup:

1. Discussed a revised draft blanks proposal, indicating the changes made from the previous draft version. The Chair presented a further change to the draft, eliminating the “Individual (Other)” column.

2. Discussed issues related to health quality improvement expenses, including:
   - Identifying the two options for handling what types of expenses are included in this category:
     - Define the items where little question exists as to their inclusion and work with HHS to add items as necessary over the next several months; or
     - Define the items where little question exists as to their inclusion and establish a percentage limit for the remaining items where significant questions exist.
   - Tying these types of expenses to the individual member as a participant/direct beneficiary of the program.
   - Whether rebates from wellness programs should be included as claims or a reduction of premiums
   - The need for uniform definitions to be utilized consistently by all of the different structure types of health insurers.
