This two-week online course is designed primarily for attorneys with less than five years experience in insurance regulation or compliance. However, experienced attorneys may also benefit.

#### Topics include:

Foundation of Insurance Regulation  
Impact of Federal Law  
Insurance Fraud  
Solvency Regulation and Insolvency  
Market Conduct Regulation  
NAIC Resources

#### Tuition

- \$395 for State Insurance Department Staff
- \$695 for All Others

Provides comprehensive course materials, access to subject matter experts who serve as course facilitators, and the opportunity to network with others from across the country.

#### What others have said:

- *This class has been a great experience for me. My general counsel indicated that if I wanted to be involved with insurance for a few years, this was a necessary course to take. She was right. The lectures, the exercises, and the materials were all designed to be helpful and challenging.*
- *Personally, I enjoyed the handbook the most because now I have an amazing reference source to turn to in case I am in need of a refresher course. As an attorney who has been involved in other CLEs and courses, I must say that this ranks among the best that I have been involved with.*
- *I definitely found the course educational. It gave me a good overview of a lot of material in a short amount of time. I am more accustomed to going to an actual class and getting a lecture that way, but I was impressed with the online course. I think this is a good way to cover this material and allows a self-paced approach, which I liked.*

## Certificate of Completion and Continuing Education

To receive a Certificate of Completion and the documentation that you can use when requesting continuing education credit from other organizations such as SOFE or IRES, you must successfully complete this course.
