

National Association of Insurance Commissioners

& The CENTER for INSURANCE POLICY and RESEARCH

Health Insurance Exchanges

Access this previously recorded presentation for learning at your convenience!

Now available on demand!

Starting in 2014 as part of the Patient Protection and Affordable Care Act (PPACA), improved choices will be offered through Health Insurance Exchanges—new, competitive, state-run and consumer-centered health insurance marketplaces. The Exchanges will make purchasing health insurance easier by providing eligible consumers and businesses with “one-stop-shopping” where they can compare and purchase health insurance coverage.

The Department of Health and Human Services (HHS) is asking states, consumer advocates, employers, insurers, and other interested stakeholders to comment on the types of standards Exchanges should be required to meet. The HHS is also tasked with establishing criteria for the certification of qualified health plans offered through the Exchange. This criteria shall require that qualified health plans offered through the Exchange utilize a uniform enrollment form that takes into account criteria that the National Association of Insurance Commissioners develops and submits to the HHS Secretary.

At the completion of this webinar, you will be able to:

- Explain what an Exchange is.
- Explain how the Exchanges are intended to work.
- Identify the requirements for the Exchanges.
- Describe what your state needs to do and by when.
- Explain how the NAIC will support the Exchanges.

This presentation was recorded live on October 6, 2010.

REGISTER online at education.naic.org or complete and return the registration form below. You will be contacted via e-mail with confirmation of your registration and directions to access the archived web conference. **Each person accessing the web conference must be individually enrolled.** Due to the nature and delivery of this webinar, cancellations will not be accepted.
