## 2011 Model Laws Webinar Series

October 4 & 18, 2011 • 2:00 - 3:30 p.m. Central Time

### ***Brief, convenient, and just in time!***

NAIC's *Model Laws Webinar Series* will keep you in the know on important regulatory issues at this pivotal time. This webinar series is designed to provide you with an in-depth examination of NAIC model laws, regulations, and guidelines that form the basis of key modernization initiatives and enactment of state law.

Continuing education materials will be sent for each webinar upon request, provided you are registered and attend the entire webinar. The NAIC is an accredited CLE sponsor with the Missouri Bar.

#### **Information Sharing**

October 4, 2:00 - 3:30 p.m. Central Time

- Kay Noonan, General Counsel, NAIC
- John Bauer, Chief Counsel, Regulatory Affairs, NAIC

Insurance departments face questions concerning information sharing on a daily basis. This webinar will focus on general information sharing and confidentiality issues as well as address new developments that have arisen from recent changes to federal law and international standards. There are several potential problems and pitfalls that states may face when considering whether to share confidential information with federal or international agencies. This webinar will address these issues and help states identify key considerations in cooperating with regulatory counterparts and other agencies in a changing regulatory environment.

#### **Catastrophe Planning and Response**

October 18, 2:00 - 3:30 p.m. Central Time

- Aaron Brandenburg, Manager, Statistical Information, NAIC
- Sara Robben, Research Analyst, NAIC
- David Keleher, Senior Property/Casualty Insurance Specialist, NAIC

This webinar will focus on the recent rise in catastrophes seen across the United States and regulators' role in aiding citizens in preparing for and reacting to natural disasters. The webinar will include a summary of catastrophe trends and an overview of which NAIC Committees and Working Groups focus on catastrophes, including materials that can help states prepare for and recover from disasters. The panel will also discuss successes and challenges that states have recently faced when dealing with catastrophes.
