Swiss Solvency Regulation Webinar

Access this previously recorded webinar for learning at your convenience!

The purpose of the Swiss Solvency Regulation Webinar is to provide a non-technical overview of the Swiss Solvency Test (SST). Topics addressed in the webinar include:

- Valuation methodology for determining capital requirements:
 - Minimum capital requirements
 - Target capital requirements
- Quantitative aspects of the standard model
- Role of internal models
- Qualitative aspects of SST (including the SST Report and SQA questionnaires)
- Overall comments on the Swiss system
- Lessons from the Swiss System for the U.S.
- Market consistent valuation of assets and liabilities is discussed
- Concepts of expected shortfall or Tail Value-at-Risk
- Numerous graphs and charts

Access to this previously recorded webinar will be made available to participants for learning at their own convenience. Upon registering for this event, each participant will receive an email linking them directly to the webinar.

The registration fee for this webinar is \$99.00 per person. The recording is approximately 45 minutes in length.

REGISTER online at http://www.naic.org/education_schedule.htm or complete and return the registration form below. You will be contacted via e-mail with confirmation of your registration and directions to access the webinar. **Each person accessing the webinar must be individually enrolled.**
