The Executive (EX) Committee and Plenary met in Laguna Beach, CA, Feb. 8, 2015. The following members participated: Monica J. Lindeen, Chair (MT); Sharon P. Clark, Vice President (KY); Ted Nickel, Secretary-Treasurer (WI); Adam Hamm, Immediate Past President (ND); James J. Donelon, Past President (LA); Kevin M. McCarty, Past President (FL); Roger A. Sevigny, Past President represented by Barbara Richardson (NH); Lori K. Wing-Heier (AK); Jim L. Ridling (AL); Allen W. Kerr (AR); Tau Tanuvasa (AS); Germaine L. Marks (AZ); Dave Jones (CA); Marguerite Salazar (CO); Anne Melissa Dowling (CT); Chester A. McPherson (DC); Karen Weldin Stewart (DE); Ralph T. Hudgens (GA); Artemio B. Ilagan (GU); Gordon I. Ito (HI); Nick Gerhart (IA); Tom Donovan represented by Gina McBride (ID); Stephen W. Robertson (IN); Ken Selzer (KS); Gary Anderson (MA); Al Redmer Jr. represented by Nancy Grodin (MD); Eric A. Cioppa (ME); Annette E. Flood (MI); Mike Rothman (MN); John M. Huff (MO); Mark O. Rabauliman (MP); Mike Chaney represented by Mark Haire (MS); Wayne Goodwin (NC); Bruce R. Ramge represented by Christy Neighbors (NE); Kenneth E. Kobylowski represented by Peter L. Hartt (NJ); John G. Franchini (NM); Scott J. Kipper (NV); Benjamin M. Lawsky represented by Robert Easton (NY); Mary Taylor (OH); John D. Doak (OK); Laura N. Cali (OR); Teresa D. Miller (PA); Angela Wayne (PR); Joseph Torti III (RI); Raymond G. Farmer (SC); Larry Deiter (SD); Julie Mix McPeak (TN); David Mattax represented by Danny Saenz (TX); Todd E. Kiser (UT); Jacqueline K. Cunningham (VA); Osbert Potter (VI); Susan L. Donegan (VT); Mike Kreidler (WA); Michael D. Riley (WV); and Tom Glause (WY).

1. **Elected NAIC President-Elect**

Michael F. Consedine resigned effective Jan. 20 as NAIC President-Elect and Pennsylvania Insurance Commissioner. An interim election was held Feb. 8, in which Director Huff (MO) was elected President-Elect to serve from Feb. 8 – Dec. 31.

Having no further business, the Executive (EX) Committee and Plenary adjourned.
Draft: 1/23/14

Executive (EX) Committee and Plenary
Conference Call
December 16, 2014

The Executive (EX) Committee and Plenary met in joint session via conference call, Dec. 16, 2014. The following members participated: Adam Hamm, Chair (ND); Monica J. Lindeen, Vice Chair (MT); Michael F. Consedine, Vice President (PA); Sharon P. Clark, Secretary-Treasurer (KY); James J. Donelon, Immediate Past President (LA); Kevin M. McCarty, Past President (FL); Sandy Praeger, Past President (KS); Roger A. Sevigny, Past President (NH); Lori K. Wing-Heier (AK); Jim L. Ridling (AL); Jay Bradford represented by Mel Anderson (AR); Germaine L. Marks represented by Darren Ellingson (AZ); Dave Jones (CA); Anne Melissa Dowling (CT); Chester A. McPherson (DC); Karen Weldin Stewart (DE); Ralph T. Hudgens (GA); Gordon I. Ito (HI); Nick Gerhart represented by Jim Mumford (IA); William W. Deal represented by Tom Donovan (ID); Stephen W. Robertson (IN); Gary Anderson (MA); Therese M. Goldsmith represented by Michele Oshman (MD); Eric A. Cioppa (ME); Annette E. Flood (MI); Mike Rothman (MN); John M. Huff (MO); Mike Chaney (MS); Bruce R. Ramge (NE); Kenneth E. Kobylowski represented by Christopher Hughes (NJ); Scott J. Kipper (NV); Benjamin M. Lawsky represented by Robert Easton (NY); Mary Taylor (OH); John D. Doak (OK); Laura N. Cali (OR); Joseph Torti III (RI); Raymond G. Farmer (SC); Julie Mix McPeak (TN); Julia Rathgeber (TX); Todd E. Kiser (UT); Jacqueline K. Cunningham (VA); Gregory R. Francis represented by John McDonald (VI); Susan L. Donegan (VT); Mike Kreidler (WA); Ted Nickel (WI); and Michael D. Riley (WV).

2. **Adopted the Individual Market Health Insurance Coverage Model Regulation**

Commissioner Praeger reported that the Regulatory Framework (B) Task Force began drafting the Individual Market Health Insurance Coverage Model Regulation in 2013 as a companion model regulation to the Individual Market Health Insurance Coverage Model Act (#36). This model regulation is based on the provisions of various federal regulations implementing the federal Affordable Care Act’s (ACA) 2014 market reforms such as: guaranteed availability; guaranteed renewability; rating restrictions; prohibition on preexisting condition exclusion provisions; and summary of benefits and coverage information requirements.

The Task Force adopted the model regulation Nov. 16 and presented it to the Health Insurance and Managed Care (B) Committee for its consideration Nov. 17, where it was adopted.

Commissioner Praeger made a motion, seconded by Commissioner Stewart, to adopt the Individual Market Health Insurance Coverage Model Regulation (Attachment A). The motion passed.

3. **Adopted the Small Group Market Health Insurance Coverage Model Regulation**

Commissioner Praeger reported that the Small Group Market Health Insurance Coverage Model Regulation was also adopted by the Regulatory Framework (B) Task Force Nov. 16. The Health Insurance and Managed Care (B) Committee adopted this model Nov. 17.

The Small Group Market Health Insurance Coverage Model Regulation was developed as a companion to the Small Group Market Health Insurance Coverage Model Act (#106). This model regulation is derived from federal regulations implementing the ACA’s 2014 market reform provisions.

Commissioner Praeger made a motion, seconded by Commissioner Stewart, to adopt the Small Group Market Health Insurance Coverage Model Regulation (Attachment B). The motion passed.

4. **Adopted Revisions to Model #440**

Superintendent Torti presented the revised Insurance Holding Company System Regulatory Act (#440), which is the result of the work performed by the Group Solvency Issues (E) Working Group in response to a charge of the Financial Condition (E) Committee to “… consider amendments to address issues that have arisen subsequent to the adoption of the [Insurance...
One recommended amendment to the model was the need for a clear legal authority to act as the group-wide supervisor for an internationally active insurance group (IAIG). The Group Solvency Issues (E) Working Group then directed NAIC staff to incorporate relevant language from the Pennsylvania holding company statute into the draft revised model act. This draft was exposed for comment, and the Working Group held a series of four conference calls to consider comments. During the 2014 Fall National Meeting, the Working Group received and discussed additional comments that narrowed the scope of outstanding issues. Each of those outstanding issues was resolved during the Working Group’s Dec. 3 conference call, when the proposed changes to the model act were approved.

These changes include: 1) authorizing the commissioner to determine if he or she should act as group-wide supervisor or acknowledge another regulator as group-wide supervisor for a defined class of IAIGs and other groups that request the commissioner to make such a determination or acknowledgement; 2) providing factors for determining a single group-wide supervisor based on concepts used in determining the lead state for domestic insurance groups; 3) setting out the activities the commissioner may engage in as group-wide supervisor; and 4) extending existing confidentiality protections to cover information received in the course of group-wide supervision.

Superintendent Torti made a motion, seconded by Commissioner Stewart, to adopt revisions to Model #440 (Attachment C). The motion passed.

5. Adopted AG 48

Superintendent Torti presented for consideration a proposed new Actuarial Guideline (AG) 48 – Actuarial Opinion and Memorandum Requirements for the Reinsurance of Policies Required to be Valued under Sections 6 and 7 of the NAIC Valuation of Life Insurance Policies Model Regulation, which is the result of the work of the Life Actuarial (A) Task Force and the NAIC’s consultant, Rector & Associates. AG 48, along with two previously adopted components of the XXX/AXXX Reinsurance Framework, would become effective in 2015. As a reminder, the two components already adopted are the new reporting supplement to the annual statement to provide greater transparency pertaining to XXX/AXXX reinsurance transactions, and revised financial analysis procedures to allow states to improve their regulatory review of these transactions.

Superintendent Torti stated that AG 48 does not prohibit XXX/AXXX captive reinsurance transactions but instead establishes consistent, national standards regarding those transactions, including securing a portion of the insurer’s statutory reserve, approximately equal to principle-based reserving, with high-quality, “traditional” assets. The remaining portion of the insurer’s statutory reserve may be backed by other forms of security, but only as approved by the ceding insurer’s domiciliary regulator. AG 48 does not apply to XXX/AXXX policies issued prior to Jan. 1, 2015, if those policies are part of a captive reserve financing arrangement when AG 48 takes effect.

AG 48 uses the ceding insurer’s opining actuary to analyze whether the insurer has complied with the standards. A remediation period is provided to allow the company to correct any noncompliance issues. Any remaining noncompliance will result in the opining actuary issuing a qualified actuarial opinion reflecting, in part, the risk posed by the noncompliant transaction. Although outside of AG 48’s scope, another response to noncompliance will be provided in the ceding insurer’s RBC.

Additional work related to the Framework anticipated to be completed in 2015 are a new note in the financial statement and new charges in RBC. The longer term work is the development of a new Credit for Reinsurance model regulation pertaining specifically to XXX/AXXX reinsurance transactions and an amendment to the Credit for Reinsurance Model Act (#785) to recognize the new regulation.

Superintendent Torti made a motion, seconded by Commissioner Rathgeber, to adopt AG 48 (Attachment D). The motion passed, with Delaware and New York voting against the motion. Minnesota abstained.
6. **Adopted SSAP No. 107**

Superintendent Torti reported the proposed new *Statement of Statutory Accounting Principles (SSAP) 107—Accounting for the Risk-Sharing Provisions of the Affordable Care Act (ACA)* was developed by the Statutory Accounting Principles (E) Working Group to establish appropriate regulatory accounting for the 3Rs: risk adjustment, risk corridors and reinsurance. The 3Rs are risk transfer and spreading mechanisms from the ACA to help insurers provide price stabilization due to the potential for adverse selection. Risk adjustment is currently the only permanent mechanism, as risk corridors and reinsurance will not be assessed after 2016. The SSAP would be effective for Q4 2014 and beyond.

The proposed accounting is not significantly different from interpretation (INT) 13-04, which was adopted early in 2014 as a transitional measure and which treats amounts that are solely assessments as taxes, licenses and fees.

Superintendent Torti made a motion, seconded by Commissioner Stewart, to adopt SSAP No. 107 (Attachment E). The motion passed.

7. **Approved as Qualified Jurisdictions Seven Non-U.S. Reinsurance Supervisory Authorities under the Process for Developing and Maintaining the NAIC List of Qualified Jurisdictions**

Director Huff reported that in order for a non-U.S. reinsurer to be eligible as a certified reinsurer under the 2011 revisions to the *Credit for Reinsurance Model Act (#785)* and *Credit for Reinsurance Model Regulation (#786)*, it must be licensed and domiciled in a qualified jurisdiction.” On Dec. 11, the Reinsurance (E) Task Force recommended that the NAIC approve seven reinsurance supervisory authorities as qualified jurisdictions and add them to the *NAIC List of Qualified Jurisdictions* for a 5-year period beginning Jan. 1, 2015. They are: 1) Bermuda (BMA); 2) Central Bank of Ireland; 3) France (ACPR); 4) Germany (BaFin); 5) Japan (FSA); 6) Switzerland (FINMA); and 7) the United Kingdom (PRA).

Director Huff briefly summarized the process by which the Qualified Jurisdiction (E) Working Group evaluated each jurisdiction. The Working Group performed an initial evaluation of each jurisdiction’s regulatory system by using the information identified in Sections A through G of the Evaluation Methodology of the Qualified Jurisdiction Process. This included a review of each jurisdiction’s most recent International Monetary Fund (IMF)/World Bank Financial Sector (FSAP) report, the Report on Observance for Standards and Codes (ROSC), and the European Insurance and Occupational Pensions Authority (EIOPA) Solvency II Equivalency Assessment, where applicable, as well as other publicly available information regarding the reinsurance laws, regulations, practices and procedures applicable for each jurisdiction. The Working Group invited each jurisdiction to provide information to update the publicly available information, and also notified both the Federal Insurance Office (FIO) and the United States Trade Representative (USTR) of these reviews.

The NAIC staff’s initial review and findings with respect to each jurisdiction were reviewed by the Working Group in a series of eight meetings between September and November 2014. Following these meetings, the Working Group issued a *Preliminary Evaluation Report* to each jurisdiction containing its initial findings and preliminary recommendation. After giving each jurisdiction an opportunity to respond to this report, the Working Group issued its *Final Evaluation Report* and a *Summary of Findings and Determination* related to each jurisdiction and released it for public comment. One comment letter was received recommending approval of each of the seven as qualified jurisdictions.

Each *Summary of Findings and Determination* outlines the procedural history of the evaluation, along with the materials that were reviewed. Each report provides a recommendation with respect to each jurisdiction reviewed, along with any specific issues or limitations that were noted. For example, with respect to Bermuda, the Working Group is recommending that its approval be limited to reinsurers of Class 3A, Class 3B and Class 4, and long-term insurers of Class C, Class D and Class E.

The Qualified Jurisdiction Process allows this matter to be sent directly to the Executive (EX) Committee and Plenary for approval. This approval would be valid for five years (absent a material change in circumstances), after which each jurisdiction would be subject to re-evaluation under the provisions of the Qualified Jurisdiction Process.

Director Huff made a motion, seconded by Commissioner Stewart, to approve the *Summary of Findings and Determinations* with respect to each of the seven jurisdictions and place them on the *NAIC List of Qualified Jurisdictions* effective Jan. 1, 2015 (Attachment F). The motion passed.
Having no further business, the Executive (EX) Committee and Plenary adjourned.

W:\National Meetings\2015\Spring\Plenary\02 Interim Mtg Minutes.docx
Amendments as adopted by the Financial Condition (E) Committee, except where noted.

FINANCIAL CONDITION (E) COMMITTEE

The mission of the Financial Condition (E) Committee is to be the central forum and coordinator of solvency-related considerations of the NAIC relating to accounting practices and procedures; blanks; valuation of securities; the Insurance Regulatory Information System (IRIS); financial analysis and solvency; multi-state examinations and examiner training; and issues concerning insurer insolvencies and insolvency guarantees. In addition, the Committee interacts with the technical task forces.

Ongoing Support of NAIC Programs, Products or Services

1. The Financial Condition (E) Committee will:
   - Coordinate the remaining activities with respect to the Solvency Modernization Initiative (SMI), including implementation, any remaining policy decisions and ongoing discussions with respect to new ideas to improve solvency regulation.—Essential
   - Appoint and oversee the activities of the following: Accounting Practices and Procedures (E) Task Force; Capital Adequacy (E) Task Force; Examination Oversight (E) Task Force; Receivership and Insolvency (E) Task Force; Reinsurance (E) Task Force; Risk Retention Group (E) Task Force; and Valuation of Securities (E) Task Force.—Essential
   - Consider the development of a template/checklist of questions that state insurance departments could use to facilitate the review of an insurer’s risk management program at the time of a policy form filing related to a contingent deferred annuity (CDA) consistent with the recommendations from the Contingent Deferred Annuity (A) Working Group.—Important
   - Review and determine whether revisions to the Synthetic Guaranteed Investment Contracts Model Regulation (#695) are needed to clarify its relationship with contingent deferred annuities (CDAs).—Essential
   - Recommend salary rate adjustments for examiners.—Essential
   - Utilize the Risk-Focused Surveillance (E) Working Group to address specific industry concerns regarding regulatory redundancy, and review any issues industry subsequently escalates to the Committee.—Essential

2. The Emerging Actuarial Issues (E) Working Group will:
   - Work expeditiously to provide timely guidance for companies seeking to comply with the revisions to Actuarial Guideline XXXVIII—The Application of the Valuation of Life Insurance Policies Model Regulation (AG 38).—Essential
   - Consider questions presented by state regulators and companies with respect to requirements under AG 38, and provide timely guidance after an appropriate public process permitting an abbreviated review and comment period. Such guidance will become effective upon its adoption by the Financial Condition (E) Committee.—Essential
FINANCIAL CONDITION (E) COMMITTEE (Continued)

3. The Financial Analysis (E) Working Group will:
   - Analyze nationally significant insurers and groups that exhibit characteristics of trending toward or being financially troubled; determine if appropriate action is being taken.—Essential
   - Interact with domiciliary regulators and lead states to assist and advise as to what might be the most appropriate regulatory strategies, methods and action(s).—Essential
   - Support, encourage, promote and coordinate multi-state efforts in addressing solvency problems, including identifying adverse industry trends, including coordination and consultation with the International Association of Insurance Supervisors (IAIS) Supervisory Forum.—Essential
   - Increase information-sharing and coordination between state regulators and federal authorities, including through representation of state regulators in national bodies with responsibilities for system-wide oversight.—Essential
   - Contribute the perspective and expertise of the Working Group via the chair, or his/her representative, to the development of NAIC regulatory guidance for any security under review by the Invested Assets (E) Working Group of the Valuation of Securities (E) Task Force. (Upon notice that a class of securities has been placed under regulatory review, the chair of Financial Analysis (E) Working Group, or his/her representative, will be deemed a member of the Invested Assets (E) Working Group.)—Essential

4. The Group Solvency Issues (E) Working Group will:
   - Continue to develop potential enhancements to the current regulatory solvency system as it relates to group-solvency-related issues.—Essential
   - Critically review and provide input and drafting to the IAIS Insurance Groups and Cross-Sectoral Issues Subcommittee or on other IAIS papers dealing with group supervision issues.—Essential
   - Assist the International Insurance Relations (G) Committee in developing timely NAIC input into the IAIS Common Framework for the Supervision of Internationally Active Insurance Groups (ComFrame) by providing a forum for technical (non-policy related) issues to be discussed with those states deemed to be most impacted by the project.—Essential
   - Review the Insurance Holding Company System Regulatory Act (#440) and the Insurance Holding Company System Model Regulation (#450) and consider amendments to address issues that have arisen subsequent to the adoption of Model #440 and Model #450 by the NAIC in 2010.—Essential
   - Develop required procedures for state regulators to use when leading and participating in supervisory colleges. Encourage and facilitate communication among regulators participating in diverse supervisory colleges to ensure timely and relevant input toward continuing enhancements of required procedures for holding efficient and effective colleges. As necessary, gather data from states that can assist in answering questions policymakers have regarding U.S. supervisory colleges.—Essential
   - In collaboration with the National Treatment and Coordination (E) Working Group, develop procedures to implement a consolidated public hearing for acquisitions involving multiple jurisdictions under Model #440 and Model #450.—Important
   - Begin to develop an enterprise risk management (ERM) education program for regulators that is designed to maximize the benefit of such training for the ORSA 2015 effective date.—Essential
   - Finalize the ORSA Pilot Project that began in 2014 and complete applicable outputs from the project, including a report to Financial Condition (E) Committee.—Essential
5. The **Health Reform Solvency Impact (E) Subgroup** will:
   - Monitor and assess the solvency impacts/concerns for health insurers as a result of the federal Affordable Care Act (ACA) and recommend charges for the appropriate Financial Condition (E) Committee groups to address these impacts/concerns.—**Essential**

6. The **Health Reform Exam (E) Technical Group** of the Health Reform Solvency Impact (E) Subgroup will:
   - Monitor and update the examiners role in reviewing the medical loss ratio reported by insurers to the U.S. Department of Health and Human Services (HHS). Also work with HHS to update standard examination procedures surrounding the review and reporting of the medical loss ratio.—**Essential**

7. The **Mortgage Guaranty Insurance (E) Working Group** will:
   - Develop changes to the *Mortgage Guaranty Insurers Model Act* (#630) and other areas of solvency regulation of mortgage guaranty insurers.—**Essential**

8. The **NAIC/AICPA (E) Working Group** will:
   - Continually review the *Annual Financial Reporting Model Regulation* (#205) and its corresponding implementation guide; revise as appropriate.—**Essential**
   - Address financial solvency issues by working with the American Institute of Certified Public Accountants (AICPA) and responding to AICPA exposure drafts.—**Essential and Ongoing**
   - Monitor the federal Sarbanes-Oxley Act, as well as rules and regulations promulgated by the SEC, the Public Company Accounting Oversight Board and other financial services regulatory entities.—**Essential**
   - Review annually the premium threshold amount included in Section 16 of the *Annual Financial Reporting Model Regulation* (#205), with the general intent that those insurers subject to the Section 16 requirements would capture at least approximately 90% of industry premium and/or in response to any future regulatory or market developments.—**Ongoing**

*The following charge is pending adoption by the Financial Condition (E) Committee at Spring National Meeting.*

9. The **Variable Annuities Issues (E) Working Group** will:
   - Oversee the NAIC’s efforts to study and address, as appropriate, regulatory issues resulting in variable annuity captive reinsurance transactions.
Amendments as adopted by the Financial Condition (E) Committee, except where noted.

FINANCIAL CONDITION (E) COMMITTEE (Continued)

9.10. The National Treatment and Coordination (E) Working Group will:
   • Increase utilization and implementation of the Company Licensing Best Practices Handbook.—Essential
   • In collaboration with the Speed to Market (EX) Task Force, encourage synergies between corporate changes/amendments and rate and form filing review and approval to improve efficiency.—Important
   • Analyze federal law development and the NAIC Solvency Modernization Initiative (SMI) for any needed modifications or revisions to the work of the Working Group.—Essential
   • Address the future work items identified in the completion of the Company Licensing Best Practices Handbook project.—Important
   • In collaboration with the Corporate Governance (E) Working Group, encourage uniformity of requirements in relation to individuals’ fitness and propriety and the company’s responsibility in notifying state insurance departments of concerns or changes to key individuals. Define “key individuals.”—Essential
   • In collaboration with the Group Solvency Issues (E) Working Group, develop procedures to implement a consolidated public hearing for acquisitions involving multiple jurisdictions under the Insurance Holding Company System Regulatory Act (#440) and update the Form A Database.—Essential

10.11. The Biographical Third-Party Review (E) Subgroup of the National Treatment and Coordination (E) Working Group will:
   • Increase the uniformity of the third-party vendors that prepare background investigative reports to those state insurance departments that require them. Reduce the inefficiency of applications by developing procedures and approval processes.—Essential
   • Monitor the ongoing adherence of background investigation reports and third-party vendors.—Essential
   • Encourage uniformity of requirements in relation to individuals' fitness and propriety and the company's responsibility in notifying state insurance departments of concerns or changes to key individuals.—Essential

11.12. The Company Licensing Transactions (E) Subgroup of the National Treatment and Coordination (E) Working Group will:
   • Continue to reduce state-specific requirements, including the need for hardcopies and the forms and supplemental information involved in Uniform Certificate of Authority Application (UCAA), and to streamline the application process.—Essential
   • Continue to enhance all electronic tools relating to UCAA to increase user-friendliness, accuracy and utility, and to increase its usage by the industry and regulators.—Essential

12.13. The Private Equity Issues (E) Working Group will:
   • Consider development of procedures that regulators can use when considering ways to mitigate or monitor risks associated with private equity/hedge fund ownership or control of insurance company assets, including the development of best practices and consideration of possible changes in NAIC policy positions as deemed appropriate.—Essential
Amendments as adopted by the Financial Condition (E) Committee, except where noted.

FINANCIAL CONDITION (E) COMMITTEE (Continued)

**43-14.** The Risk Focused Surveillance (E) Working Group will:

- Continually review the effectiveness of risk-focused surveillance and develop enhancements to the implementation process as necessary.—**Essential**
- Consider specific regulatory redundancy issues provided by interested parties and provide recommendations to other NAIC committee groups as needed.—**Essential**
- Oversee and monitor the Supervisory Best Practices Program where regulators review and provide feedback on completed risk-focused examinations in a peer-review format.—**Essential**
- Review the financial analysis process and consider the development of enhancements to further incorporate a review of prospective solvency risks.—**Essential**
- Develop more effective means for the financial analysis and examination functions to continually monitor and communicate the results of their review of significant solvency risks facing an insurer.—**Essential**
- Identify and document the regulatory skillsets necessary to effectively monitor the solvency of insurers under an evolving risk-focused surveillance framework.—**Essential**
- Consider recommendations to the Financial Regulation Standards and Accreditation (F) Committee for the purpose of evaluating the suitability of insurance department staffing in relation to the necessary skillsets.—**Essential**
- Develop standardized job descriptions/requirements for common solvency monitoring positions to assist insurance departments in attracting and maintaining suitable staff.—**Essential**

**15.** The Risk-Limiting Contracts (E) Working Group will:

- Develop regulatory guidance on how to evaluate risk transfer as it pertains to reinsurance contracts with risk limiting features and also evaluate how current actuarial/accounting practices used to monitor a company’s financial strength need to be enhanced due to distortions from these contracts.

**44-16.** The Separate Account Risk (E) Working Group will:

- Study the need to modify existing regulatory guidance related to separate accounts where in recent years various products and contract benefits have increased the risk to the general account. At the conclusion of such study, provide a recommendation to the Financial Condition (E) Committee, including a request for model law development/change if the recommendation is for the NAIC to devote its resources to such an effort.—**Important**

**45-17.** The Surplus Lines Financial Analysis (E) Working Group will:

- Provide NAIC/International Insurers Department (IID) financial staff guidance and expertise relative to regulatory policy and practices with respect to individual companies and Lloyd’s syndicates that are either listed on or seeking admission to the Quarterly Listing of Alien Insurers.—**Essential and Ongoing**
- Refer suggestions to the IID Plan of Operation (C) Review Group regarding the IID Plan of Operation and its requirements relating to standards for inclusion on the Quarterly Listing of Alien Insurers. Additionally, refer suggestions for improvements for the IID annual reporting standards and forms.—**Essential**

NAIC Support Staff: Todd Sells
ACCOUNTING PRACTICES AND PROCEDURES (E) TASK FORCE

The mission of the Accounting Practices and Procedures (E) Task Force is to identify, investigate and develop solutions to accounting problems with the ultimate goal of guiding insurers in properly accounting for various aspects of their operations and to modify the Accounting Practices and Procedures Manual to reflect changes necessitated by task force action and to study innovative insurer accounting practices which affect the ability of regulators to determine the true financial condition of insurers.

Ongoing Support of NAIC Programs, Products or Services

1. The Accounting Practices and Procedures (E) Task Force will:
   • Oversee the activities of the Blanks (E) Working Group, the Emerging Accounting Issues (E) Working Group and the Statutory Accounting Principles (E) Working Group.—Essential

2. The Blanks (E) Working Group will:
   • Consider improvements and revisions to the various annual/quarterly statement blanks to: 1) conform these blanks to changes made in other areas of the NAIC to promote uniformity in reporting of financial information by insurers; 2) develop reporting formats for other entities subject to the jurisdiction of state insurance departments; 3) conform the various NAIC blanks and instructions to adopted NAIC policy; and 4) oversee the development of additional reporting formats within the existing annual financial statements as needs are identified.—Essential and Ongoing
   • Continue to monitor state filing checklists to maintain current filing requirements.—Essential and Ongoing
   • Continue to monitor and improve the quality of financial data filed by insurance companies by recommending improved or additional language for the Annual Statement Instructions.—Essential and Ongoing
   • Continue to monitor and review all proposals necessary for the implementation of statutory accounting guidance to ensure proper implementation of any action taken by the Accounting Practices and Procedures (E) Task Force affecting annual financial statements and/or instructions.—Essential and Ongoing
   • Continue to coordinate with other task forces of the NAIC to ensure proper implementation of reporting and instructions changes as proposed by these task forces.—Essential and Ongoing
   • When a class of securities is being reviewed by the Invested Assets (E) Working Group, the chair of Blanks (E) Working Group, or his/her representative, will be deemed a member of the Invested Asset (E) Working Group of the Valuation of Securities (E) Task Force. The chair, or his/her representative, is charged with contributing the applicable perspective and expertise of the regulatory group to the development of NAIC regulatory guidance for the security under review by the Invested Assets (E) Working Group.—Essential and Ongoing
   • Adjust blanks and instructions to develop principle-based reserving (PBR) reporting under the framework developed by the PBR Review (EX) Working Group.—Essential
   • Coordinate with the Life Actuarial (A) Task Force to utilize any special reports developed and avoid duplication of reporting.—Essential
ACCOUNTING PRACTICES AND PROCEDURES (E) TASK FORCE (Continued)

3. The **Investment Reporting (E) Subgroup** of the Blanks (E) Working Group will:
   - Review requests for investment schedule blanks and instructions changes in connection with the work being performed by the Investment Risk-Based Capital (E) Working Group. The Subgroup will review for technical changes and/or clarifications to the blanks and instructions.—**Essential and Ongoing**
   - Review changes requested by other NAIC groups, including, but not limited to, the Valuation of Securities (E) Task Force, the Statutory Accounting Principles (E) Working Group and the Invested Asset (E) Working Group as it relates to their work on other invested assets reporting for technical consistency within the investment reporting schedules and instructions. This includes requests by interested parties for reporting instruction clarifications.—**Essential and Ongoing**

4. The **Emerging Accounting Issues (E) Working Group** will:
   - Provide authoritative guidance on current statutory accounting issues, generally relating to application, interpretation and clarification of existing statutory accounting principles, by conducting meetings at NAIC national meeting sites and other meetings and conference calls when necessary.—**Essential and Ongoing**
   - Evaluate individual statutory accounting issues based on its established timeline and report its findings to the Accounting Practices and Procedures (E) Task Force.—**Essential and Ongoing**

5. The **Statutory Accounting Principles (E) Working Group** will:
   - Maintain codified statutory accounting principles by providing periodic updates to the guidance that address new statutory issues and new GAAP pronouncements as they develop.—**Essential and Ongoing**
   - At the discretion of the chair, comment on exposed GAAP pronouncements affecting financial accounting and reporting.—**Essential**
   - Report its findings relative to these developing issues to the Accounting Practices and Procedures (E) Task Force.—**Essential**
   - When a class of securities is being reviewed by the Invested Assets (E) Working Group, the chair of Statutory Accounting Principles Working Group, or his or her representative, will be deemed a member of the Invested Assets (E) Working Group of the Valuation of Securities (E) Task Force. The chair, or his or her representative, is charged with contributing the applicable perspective and expertise of the regulatory group to the development of NAIC regulatory guidance for the security under review by the Invested Assets (E) Working Group.—**Essential**
   - Provide comments on issues related to evaluating and or implementing to International Financial Reporting Standards (IFRS) for possible U.S. statutory accounting use and provide input on the solvency modernization project as it relates to accounting and reporting issues.—**Essential and Ongoing**
   - Coordinate with the Life Actuarial (A) Task Force on changes to the Accounting Practices and Procedures Manual related to the Valuation Manual VM-A, Requirements, and VM-C, Actuarial Guidelines, and other valuation manual requirements. This process will include the receipt of periodic reports on changes to the valuation manual on items that require coordination as well as the development of an accounting mechanism to address reserve volatility.—**Essential and Ongoing**
   - Develop the proposed definition for “Primary Security” for use in the Principle-Based Reserving Implementation (EX) Task Force’s future consideration of a proposed XXX/AXXX Reinsurance Model Regulation.—**Essential**
   - Develop a Note to the Audited Financial Statements regarding compliance with the XXX/AXXX Reinsurance Model Regulation.—**Essential**
Amendments as adopted by the Financial Condition (E) Committee, except where noted.

6. The **Restricted Asset (E) Subgroup** of the Statutory Accounting Principles (E) Working Group will:
   - Address issues related to assets that are pledged or restricted, which include, but are not limited to: repurchase/reverse repurchase agreements and tri-party repurchase agreements, qualified financial contracts, Federal Home Loan Bank (FHLB) transactions and assets held under reinsurance trusts.

   —*Essential*

NAIC Support Staff: Robin Marcotte
EXAMINATION OVERSIGHT (E) TASK FORCE

The mission of the Examination Oversight (E) Task Force is to monitor all aspects of the financial examination process and to identify, investigate and develop solutions to problems related to financial examinations; to monitor and refine the IRIS ratios and the Financial Analysis Solvency Tools, including Company Profiles, FAST ratio scoring system and the Financial Analysis Handbook; to oversee the Analyst Team Project; to review details of examination surveillance process; to monitor the development of tests for determining when a financial examination of an insurer is necessary; to establish procedures for flow of information between states about troubled companies; to enhance the quality and timeliness of financial examinations and monitor additions to the Financial Condition Examiners Handbook covering this area; and to monitor the examination schedules in various states and assist the states in developing methods to maintain current schedules.

Ongoing Support of NAIC Programs, Products or Services

1. The Examination Oversight (E) Task Force will:
   • Provide input and comments to the International Association of Insurance Supervisors (IAIS) or other related groups on issues regarding international risk-management concepts, coordinate such comments with the International Solvency and Accounting (E) Working Group.—Important
   • Provide ongoing maintenance and enhancements to the Form A Database and monitor its usage.—Important
   • Provide ongoing maintenance and enhancements to the NAIC Lead State Summary Report tool and encourage coordination with solvency matters.—Essential

2. The Analyst Team System Oversight (E) Working Group will:
   • Monitor the work performed by the Analyst Team and the progress of any changes made to the Analyst Team Project.—Essential

3. The Electronic Workpaper (E) Working Group will:
   • Develop a formal recommendation to fulfill the long-term needs of regulators in utilizing electronic workpapers to conduct and document solvency monitoring activities.—Essential

4. The Financial Analysis Handbook (E) Working Group will:
   • Provide ongoing maintenance and enhancements to the Financial Analysis Handbook and related applications for changes to the NAIC annual/quarterly financial statement blanks, as well as coordinate and analyze input received from other state regulators.—Essential
   • Continue to incorporate the assessment of risk and risk management into the financial analysis oversight role and incorporate guidance into the Financial Analysis Handbooks to assist analysts in reviewing Own Risk and Solvency Assessment (ORSA) Summary Reports.—Essential
   • In compliance with the framework developed by the PBR Review (EX) Working Group:
     o Provide advice to regulators, identifying and judging risk, establishing Level 1 and Level 2 procedures, identifying frequency of model reviews, and documenting some best practices. Address all risks, financial and non-financial (e.g., ERM, board, corporate governance and ORSA).—Important
       o Adjust the Financial Analysis Handbook to develop principle-based reserving (PBR) changes.—Important
     • Continue incorporating enhancements that encourage coordination of analysis activities within holding company groups.—Essential
5. The **Financial Analysis Research and Development (E) Working Group** will:
   - Provide ongoing maintenance and enhancements to the automated financial solvency tools developed to assist in monitoring the financial condition of insurance companies. Prioritize analysis and examination efforts to help ensure that the tools remain reliable and accurate.—**Essential**
   - Review current financial analysis solvency tools for life insurance companies for consideration of risk with reserve liabilities as affected by principle-based reserving standards; make appropriate enhancements as necessary.—**Important**

6. The **Financial Examiners Coordination (E) Working Group** will:
   - Develop enhancements that encourage coordination of examination activities with regard to holding company groups.—**Essential**
   - Promote coordination by assisting and advising domiciliary regulators and exam coordinating states as to what might be the most appropriate regulatory strategies, methods and actions regarding financial examinations of holding company groups.—**Essential**
   - Provide ongoing maintenance and enhancements to the Financial Examination Electronic Tracking System (FEETS). The Working Group also will provide reports to the Examination Oversight (E) Task Force regarding usage of ETS, including examination and coordination statistics.—**Essential**

7. The **Financial Examiners Handbook (E) Technical Group** will:
   - Continue incorporating the assessment of risk and risk management into the financial solvency oversight role and maintain guidance in the *Financial Condition Examiners Handbook* to assist examiners in reviewing Own Risk and Solvency Assessment (ORSA) Summary Reports.—**Essential**
   - Continually review the *Financial Condition Examiners Handbook* and revise, as appropriate.—**Essential**
   - Review annually the examination procedures included within the *Financial Condition Examiners Handbook* for updates in response to revisions to the *Accounting Practices and Procedures Manual*.—**Essential**
   - Continually review the *Annual Financial Reporting Model Regulation (#205)* and its related Implementation Guide and revise the *Financial Condition Examiners Handbook*, as appropriate.—**Essential**
   - Coordinate with the Risk-Focused Surveillance (E) Working Group to monitor the implementation of the risk-assessment process by developing additional guidance and exhibits within the *Financial Condition Examiners Handbook*, including the use of interim examination procedures, development of the branded risk classifications as a communication tool between examiners and analysts, and other guidance as needed to assist examiners in completing financial condition examinations.—**Important**
   - Coordinate with the Financial Analysis Handbook (E) Working Group to develop and maintain guidance for reviewing ORSA Summary Reports, corporate governance and other projects as necessary in order to provide effective solvency monitoring.—**Important**
   - In compliance with the framework developed by the PBR Review (EX) Working Group:
     - Provide advice to regulators, identifying and judging risk, building repositories, evaluating controls, determining the extent of data quality testing (by actuaries and examiners), identifying frequency of model reviews, and documenting some best practices. Address all risks, financial and non-financial (e.g., ERM, board, corporate governance and ORSA).—**Important**
     - Adjust the *Financial Condition Examiners Handbook* to develop PBR changes.—**Important**
EXAMINATION OVERSIGHT (E) TASK FORCE (Continued)

- Upon notice that a class of securities has been placed under regulatory review, the chair of the Financial Examiners Handbook (E) Working Group or his/her representative will be deemed a member of the Invested Asset (E) Working Group of the Valuation of Securities (E) Task Force. The chair or his/her representative is charged with contributing the perspective and expertise of the regulatory group to the development of NAIC regulatory guidance for the security under review.—Important

8. The Financial Examination Report (E) Subgroup of the Financial Examiners Handbook (E) Technical Group will:
   - Review existing requirements for examination reports and consider revisions to align with examination objectives. The Subgroup will provide its recommendations to the Financial Examiners Handbook (E) Technical Group.—Essential

9. The IT Examination (E) Working Group will:
   - Monitor state usage of automated examination tools, technology changes and emerging issues in order to re-evaluate examination processes and keep states abreast of the latest tools, techniques and training. —Essential
   - Enhance current training opportunities for auditing tools and techniques: Continue offering on-site training programs that are available to the states upon request.—Essential
   - Continually review and revise, as needed, the “General Information Technology Review” and “Exhibit C—Evaluation of Controls in Information Systems” sections of the Financial Condition Examiners Handbook.—Essential
   - Develop and maintain tools that will be part of a more complete information technology (IT) examination process.—Essential

NAIC Support Staff: Becky Meyer
REINSURANCE (E) TASK FORCE

The mission of the Reinsurance (E) Task Force is to monitor and coordinate activities and areas of interest, which overlap to some extent the charges of other working groups, specifically the International Insurance Relations (G) Committee.

Ongoing Support of NAIC Programs, Products or Services

1. The Reinsurance (E) Task Force will:
   - Provide a forum for the consideration of reinsurance-related issues of public policy.—Essential
   - Oversee the activities of the Reinsurance Financial Analysis (E) Working Group.—Essential
   - Oversee the activities of the Qualified Jurisdiction (E) Working Group.—Essential
   - Monitor the implementation of the revised Credit for Reinsurance Model Law (#785) and the Credit for Reinsurance Model Regulation (#786) by NAIC-member jurisdictions.—Essential
   - Communicate and coordinate with the Federal Insurance Office and other federal authorities on matters pertaining to reinsurance.—Essential
   - Consider recommendations referred to the Task Force with respect to the Captives and Special Purpose Vehicles (SPV) white paper.—Essential
   - Consider the referral from the Valuation of Securities (E) Task Force regarding the planned modification of credit rating standards in the NAIC Bank List and advice about the definition of “qualified U.S. financial institution” and other issues.—Essential
   - Consider any other issues related to the revised Model #785 and Model #786.—Important
   - Monitor the development of international principles, standards and guidance with respect to reinsurance. This includes, but is not limited to, monitoring the activities of various groups within the International Association of Insurance Supervisors (IAIS), including the Reinsurance and Other Forms of Risk Transfer Subcommittee, Reinsurance Mutual Recognition Subgroup and Reinsurance Transparency Group.—Important
     - Consider the impact of reinsurance-related federal legislation, including, but not limited to, the federal Nonadmitted and Reinsurance Reform Act and the Federal Insurance Office Act, and coordinate any appropriate NAIC action.—Important
   - Consider referrals with respect to the XXX/AXXX Reinsurance Framework.—Essential

2. The Reinsurance Financial Analysis (E) Working Group will:
   - Provide advisory support and assistance to states in the review of reinsurance collateral reduction applications. Such a process with respect to the review of applications for reinsurance collateral reduction and qualified jurisdictions should strengthen state regulation and prevent regulatory arbitrage.—Essential
   - Provide a forum for discussion among NAIC jurisdictions of reinsurance issues related to specific companies, entities or individuals.—Essential
   - Support, encourage, promote and coordinate multi-state efforts in addressing issues related to certified reinsurers, including but not limited to multi-state recognition of certified reinsurers.—Essential
   - Provide analytical expertise and support to the states with respect to certified reinsurers and applicants for certification.—Essential
   - Interact with domiciliary regulators of ceding insurers and certifying states to assist and advise on the most appropriate regulatory strategies, methods and actions with respect to certified reinsurers. —Essential
   - Provide guidance and expertise on regulatory policy and practices with respect to certified reinsurers. —Essential
   - Provide advisory support with respect to issues related to the determination of qualified jurisdictions. —Important
Amendments as adopted by the Financial Condition (E) Committee, except where noted.

**REINSURANCE (E) TASK FORCE (Continued)**

3. The **Qualified Jurisdiction (E) Working Group** will:
   - Develop and maintain the NAIC List of Qualified Jurisdictions in accordance with the *Process for Developing and Maintaining the NAIC List of Qualified Jurisdictions*. — Essential

4. The **XXX/AXXX Reinsurance Regulation Drafting (E) Subgroup** will:
   - Consider referrals with respect to the **XXX/AXXX Reinsurance Framework**. — Essential

NAIC Support Staff: Dan Schelp

W:\National Meetings\2015\Spring\Plenary\03 Proposed Amendments to 2015 Committee Charges.docx
The purpose of this regulation is to provide standards for the disclosure of certain minimum information about annuity contracts to protect consumers and foster consumer education. The regulation specifies the minimum information which must be disclosed, the method for disclosing it and the use and content of illustrations, if used, in connection with the sale of annuity contracts. The goal of this regulation is to ensure that purchasers of annuity contracts understand certain basic features of annuity contracts.

Section 2. Authority

This regulation is issued based upon the authority granted the commissioner under Section [cite any enabling legislation and state law corresponding to Section 4 of the NAIC Unfair Trade Practices Act].

Section 3. Applicability and Scope

This regulation applies to all group and individual annuity contracts and certificates except:

A. Immediate and deferred annuities that contain no non-guaranteed elements;

B. (1) Annuities used to fund:
   
   (a) An employee pension plan which is covered by the Employee Retirement Income Security Act (ERISA);
   
   (b) A plan described by Sections 401(a), 401(k) or 403(b) of the Internal Revenue Code, where the plan, for purposes of ERISA, is established or maintained by an employer,
   
   (c) A governmental or church plan defined in Section 414 or a deferred compensation plan of a state or local government or a tax exempt organization under Section 457 of the Internal Revenue Code; or
(d) A nonqualified deferred compensation arrangement established or maintained by an employer or plan sponsor.

(2) Notwithstanding Paragraph (1), the regulation shall apply to annuities used to fund a plan or arrangement that is funded solely by contributions an employee elects to make whether on a pre-tax or after-tax basis, and where the insurance company has been notified that plan participants may choose from among two (2) or more fixed annuity providers and there is a direct solicitation of an individual employee by a producer for the purchase of an annuity contract. As used in this subsection, direct solicitation shall not include any meeting held by a producer solely for the purpose of educating or enrolling employees in the plan or arrangement;

C. Non-registered variable annuities issued exclusively to an accredited investor or qualified purchaser as those terms are defined by the Securities Act of 1933 (15 U.S.C. Section 77a et seq.), the Investment Company Act of 1940 (15 U.S.C. Section 80a-1 et seq.), or the regulations promulgated under either of those acts, and offered for sale and sold in a transaction that is exempt from registration under the Securities Act of 1933 (15 U.S.C. Section 77a et seq.).

D. (1) Transactions involving variable annuities and other registered products in compliance with Securities and Exchange Commission (SEC) rules and Financial Industry Regulatory Authority (FINRA) rules relating to disclosures and illustrations, provided that compliance with Section 5 shall be required after January 1, 2014, unless, or until such time as, the SEC has adopted a summary prospectus rule or FINRA has approved for use a simplified disclosure form applicable to variable annuities or other registered products.

Drafting Note: States should be aware that the provision in paragraph (1) above requiring transactions involving variable annuities and other registered products to comply with the requirements of Section 5 of the regulation after Jan. 1, 2014 unless the U.S. Securities and Exchange Commission (SEC) adopts a summary prospectus rule or the Financial Industry Regulatory Authority (FINRA) approves for use a simplified disclosure form applicable to variable annuities or other registered products could be preempted by the National Securities Markets Improvement Act of 1996 (NSMIA). NSMIA prohibits the States from making laws establishing record-making or record-keeping requirements for broker-dealers. Given this, in adopting this regulation, States may want to omit the language in paragraph (1) above that eliminates the exemption for these transactions after Jan. 1, 2014 and, as a consequence, would require broker-dealers to comply with Section 5 of this regulation unless or until the SEC or FINRA takes the delineated action. States should consider only adopting the language from paragraph (1) above that exempts transactions involving variable annuities and other registered products in compliance with the SEC and FINRA rules relating to disclosures and illustrations from having to comply with the regulation.

(2) Notwithstanding Subsection D(1), the delivery of the Buyer’s Guide is required in sales of variable annuities, and when appropriate, in sales of other registered products.

Drafting Note: The requirement to provide a Buyer’s Guide would not be appropriate for contingent deferred annuities unless, or until such time as, the NAIC adopts a Buyer’s Guide that specifically addresses contingent deferred annuities.

(3) Nothing in this subsection shall limit the commissioner’s ability to enforce the provisions of this regulation or to require additional disclosure.

E. Structured settlement annuities;

F. [Charitable gift annuities; and]

G. [Funding agreements].

Drafting Note: States that regulate charitable gift annuities should exempt them from the requirements of this regulation. States that recognize or regulate funding agreements as annuities should exempt them from the requirements of this regulation.
Section 4. Definitions

For the purposes of this regulation:

A. “Buyer’s Guide” means the National Association of Insurance Commissioner’s approved Annuity Buyer’s Guide.

B. “[“Charitable gift annuity” means a transfer of cash or other property by a donor to a charitable organization in return for an annuity payable over one or two lives, under which the actuarial value of the annuity is less than the value of the cash or other property transferred and the difference in value constitutes a charitable deduction for federal tax purposes, but does not include a charitable remainder trust or a charitable lead trust or other similar arrangement where the charitable organization does not issue an annuity and incur a financial obligation to guarantee annuity payments.]”

C. “Contract owner” means the owner named in the annuity contract or certificate holder in the case of a group annuity contract.

D. “Determinable elements” means elements that are derived from processes or methods that are guaranteed at issue and not subject to company discretion, but where the values or amounts cannot be determined until some point after issue. These elements include the premiums, credited interest rates (including any bonus), benefits, values, non-interest based credits, charges or elements of formulas used to determine any of these. These elements may be described as guaranteed but not determined at issue. An element is considered determinable if it was calculated from underlying determinable elements only, or from both determinable and guaranteed elements.

E. “[“Funding agreement” means an agreement for an insurer to accept and accumulate funds and to make one or more payments at future dates in amounts that are not based on mortality or morbidity contingencies.]”

F. “Generic name” means a short title descriptive of the annuity contract being applied for or illustrated such as “single premium deferred annuity.”

G. “Guaranteed elements” means the premiums, credited interest rates (including any bonus), benefits, values, non-interest based credits, charges or elements of formulas used to determine any of these, that are guaranteed or have determinable elements at issue. An element is considered guaranteed if all of the underlying elements that go into its calculation are guaranteed.

H. “Illustration” means a personalized presentation or depiction prepared for and provided to an individual consumer that includes non-guaranteed elements of an annuity contract over a period of years.

I. “Market Value Adjustment” or “MVA” feature is a positive or negative adjustment that may be applied to the account value and/or cash value of the annuity upon withdrawal, surrender, contract annuitization or death benefit payment based on either the movement of an external index or on the company’s current guaranteed interest rate being offered on new premiums or new rates for renewal periods, if that withdrawal, surrender, contract annuitization or death benefit payment occurs at a time other than on a specified guaranteed benefit date.

J. “Non-guaranteed elements” means the premiums, credited interest rates (including any bonus), benefits, values, dividends, non-interest based credits, charges or elements of formulas used to determine any of these, that are subject to company discretion and are not guaranteed at issue. An element is considered non-guaranteed if any of the underlying non-guaranteed elements are used in its calculation.

K. “Registered product” means an annuity contract or life insurance policy subject to the prospectus delivery requirements of the Securities Act of 1933.

**Drafting Note:** Registered products include, but are not limited to, contingent deferred annuities.
“Structured settlement annuity” means a “qualified funding asset” as defined in section 130(d) of the Internal Revenue Code or an annuity that would be a qualified funding asset under section 130(d) but for the fact that it is not owned by an assignee under a qualified assignment.

Section 5. Standards for the Disclosure Document and Buyer’s Guide

A. Where the application for an annuity contract is taken in a face-to-face meeting, the applicant shall at or before the time of application be given both the disclosure document described in Subsection B and the Buyer’s Guide, if any.

(2) Where the application for an annuity contract is taken by means other than in a face-to-face meeting, the applicant shall be sent both the disclosure document and the Buyer’s Guide no later than five (5) business days after the completed application is received by the insurer.

(a) With respect to an application received as a result of a direct solicitation through the mail:

(i) Providing a Buyer’s Guide in a mailing inviting prospective applicants to apply for an annuity contract shall be deemed to satisfy the requirement that the Buyer’s Guide be provided no later than five (5) business days after receipt of the application.

(ii) Providing a disclosure document in a mailing inviting a prospective applicant to apply for an annuity contract shall be deemed to satisfy the requirement that the disclosure document be provided no later than five (5) business days after receipt of the application.

(b) With respect to an application received via the Internet:

(i) Taking reasonable steps to make the Buyer’s Guide available for viewing and printing on the insurer’s website shall be deemed to satisfy the requirement that the Buyer’s Guide be provided no later than five (5) business day of receipt of the application.

(ii) Taking reasonable steps to make the disclosure document available for viewing and printing on the insurer’s website shall be deemed to satisfy the requirement that the disclosure document be provided no later than five (5) business days after receipt of the application.

(c) A solicitation for an annuity contract provided in other than a face-to-face meeting shall include a statement that the proposed applicant may contact the insurance department of the state for a free annuity Buyer’s Guide. In lieu of the foregoing statement, an insurer may include a statement that the prospective applicant may contact the insurer for a free annuity Buyer’s Guide.

(d) Where the Buyer’s Guide and disclosure document are not provided at or before the time of application, a free look period of no less than fifteen (15) days shall be provided for the applicant to return the annuity contract without penalty. This free look shall run concurrently with any other free look provided under state law or regulation.

B. At a minimum, the following information shall be included in the disclosure document required to be provided under this regulation:

(1) The generic name of the contract, the company product name, if different, and form number, and the fact that it is an annuity;

(2) The insurer’s legal name, physical address, website address and telephone number;
(3) A description of the contract and its benefits, emphasizing its long-term nature, including examples where appropriate:

(a) The guaranteed and non-guaranteed elements of the contract, and their limitations, if any, including for fixed indexed annuities, the elements used to determine the index-based interest, such as the participation rates, caps or spread, and an explanation of how they operate;

(b) An explanation of the initial crediting rate, or for fixed indexed annuities, an explanation of how the index-based interest is determined, specifying any bonus or introductory portion, the duration of the rate and the fact that rates may change from time to time and are not guaranteed;

(c) Periodic income options both on a guaranteed and non-guaranteed basis;

(d) Any value reductions caused by withdrawals from or surrender of the contract;

(e) How values in the contract can be accessed;

(f) The death benefit, if available and how it will be calculated;

(g) A summary of the federal tax status of the contract and any penalties applicable on withdrawal of values from the contract; and

(h) Impact of any rider, including, but not limited to, a guaranteed living benefit or long-term care rider;

(4) Specific dollar amount or percentage charges and fees shall be listed with an explanation of how they apply; and

(5) Information about the current guaranteed rate or indexed crediting rate formula, if applicable, for new contracts that contains a clear notice that the rate is subject to change.

C. Insurers shall define terms used in the disclosure statement in language that facilitates the understanding by a typical person within the segment of the public to which the disclosure statement is directed.

REQUEST FOR MODEL LAW DEVELOPMENT

This form is intended to gather information to support the development of a new model law or amendment to an existing model law. Prior to development of a new or amended model law, approval of the respective Parent Committee and the NAIC’s Executive Committee is required. The NAIC’s Executive Committee will consider whether the request fits the criteria for model law development. Please complete all questions and provide as much detail as necessary to help in this determination.

Please check whether this is: ☐ New Model Law      or      ☒ Amendment to Existing Model

1. Name of group to be responsible for drafting the model:
   Contingent Deferred Annuity (A) Working Group

2. NAIC staff support contact information:
   Jennifer R. Cook, jcook@naic.org, Phone: 202-471-3986

3. Please provide a description and proposed title of the new model law. If an existing law, please provide the title, attach a current version to this form and reference the section(s) proposed to be amended.
   Annuity Disclosure Model Regulation (#245)

   Revise model to exempt SEC registered contingent deferred annuities (CDAs) and CDAs offered through ERISA retirement plans from the requirement that the buyer’s guide be provided at the time of sale.

4. Does the model law meet the Model Law Criteria? ☒ Yes      or      ☐ No      (Check one)
   (If answering no to any of these questions, please reevaluate charge and proceed accordingly to address issues).
   a. Does the subject of the model law necessitate a national standard and require uniformity amongst all states? ☒ Yes      or      ☐ No      (Check one)
      If yes, please explain why
      Due to increasing interest at state and federal levels in mitigating longevity risk, CDAs are likely to become increasingly prevalent. Therefore, state laws should be clear as to the applicability of their laws.
   b. Does Committee believe NAIC members should devote significant regulator and Association resources to educate, communicate and support this model law?
      ☒ Yes      or      ☐ No      (Check one)
5. What is the likelihood that your Committee will be able to draft and adopt the model law within one year from the date of Executive Committee approval?

☐ 1  ☐ 2  ☐ 3  ☐ 4  ☐ 5  (Check one)

High Likelihood  Low Likelihood

Explanation, if necessary:

6. What is the likelihood that a minimum two-thirds majority of NAIC members would ultimately vote to adopt the proposed model law?

☒ 1  ☐ 2  ☐ 3  ☐ 4  ☐ 5  (Check one)

High Likelihood  Low Likelihood

Explanation, if necessary: As CDAs become more prevalent in the marketplace, states will want to make sure their state laws explicitly apply to CDAs.

7. What is the likelihood that state legislature will adopt the model law in a uniform manner within three years of adoption by the NAIC?

☐ 1  ☒ 2  ☐ 3  ☐ 4  ☐ 5  (Check one)

High Likelihood  Low Likelihood

Explanation, if necessary:

8. Is this model law referenced in the Accreditation Standards? If so, does the standard require the model law to be adopted in a substantially similar manner?

No

9. Is this model law in response to or impacted by federal laws or regulations? If yes, please explain.

The SEC prospectus preempts all other state disclosures, with the exception of the buyer’s guide. The requirement that buyer’s guides be provided at the time of sale shouldn’t apply to CDAs because the buyer’s guide doesn’t contain any information about CDAs and would be confusing.
PROJECT HISTORY

ANNUITY DISCLOSURE MODEL REGULATION (#245)

1. Description of the Project, Issues Addressed, etc.

The Annuity Disclosure Model Regulation (#245) was revised to clarify its application to contingent deferred annuities (CDAs) by:

- Adding a drafting note to clarify that the requirement to provide a Buyers Guide would not be appropriate for CDAs unless, or until such time as, the NAIC adopts a Buyers Guide that specifically addresses CDAs.

- Adding to Section 4. Definitions: Registered product means an annuity contract or life insurance policy subject to the prospectus delivery requirements of the Securities Act of 1933, with a drafting note stating that registered products include, but are not limited to, CDAs.

2. Name of Group Responsible for Drafting the Model and States Participating

The Contingent Deferred Annuity (A) Working Group of the Life Insurance and Annuities (A) Committee was responsible for drafting the revisions.

States Participating:

Ted Nickel, Chair Wisconsin Roger A. Sevigny/Keith Nyhan New Hampshire
Robert Chester Connecticut Joseph Torti III/Elizabeth Dwyer Rhode Island
Jim Mumford Iowa Michael Humphreys Tennessee
Jason Lapham Kansas Tomasz Serbinowski Utah
Bruce R. Ramge Nebraska

3. Project Authorized by What Charge and Date First Given to the Group

The project was authorized in 2012 by the following charge: Appoint a Contingent Deferred Annuity (A) Working Group to develop NAIC guidelines and/or model bulletin that can serve as a reference for states interested in modifying their annuity laws to clarify their applicability to contingent deferred annuities (CDAs) and, as part of this work, review existing NAIC model laws and regulations applicable to consumer protection issues associated with CDAs.

4. A General Description of the Drafting Process (e.g., drafted by a subgroup, interested parties, the full group, etc). Include any parties outside the members that participated.

The revisions to the Annuity Disclosure Model Regulation (#245) were drafted by the Contingent Deferred Annuity (A) Working Group. The revisions, and comments received on them, were reviewed and discussed by the Working Group. All comments were posted on the NAIC website. The Working Group adopted a draft of proposed revisions at the 2014 Fall National Meeting, which was then forwarded to the Life Insurance and Annuities (A) Committee. The Life Insurance and Annuities (A) Committee also adopted the revisions at the 2014 Fall National Meeting.

All drafts were distributed to more than 100 interested parties and posted on the NAIC website. Numerous interested parties participated, including: the American Council of Life Insurers (ACLI); the National Association for Fixed Annuities (NAFA); the Insured Retirement Institute (IRI); the National Association of Insurance and Financial Advisors (NAIFA); Birny Birnbaum (Center for Economic Justice—CEJ); and the American Academy of Actuaries (Academy).
5. **A General Description of the Due Process (e.g., exposure periods, public hearings or any other means by which widespread input from industry, consumers and legislators was solicited)**

The Contingent Deferred Annuity (A) Working Group met at each national meeting and held interim meetings and interim conference calls beginning in June 2012 until adopting the revisions at the 2014 Fall National Meeting.

6. **A Discussion of the Significant Issues (e.g., items of some controversy raised during the due process and the group’s response)**

There were concerns that using the term “CDAs” when revising the model would be too limiting and that subsequent model revisions would be necessary to address every innovation in the industry. The language adopted seeks to address this concern by using broader language and using drafting notes to clarify that the terms are intended to include CDAs.

7. **Any Other Important Information (e.g., amending an accreditation standard)**

None

Section 1. Purpose
Section 2. Scope
Section 3. Authority
Section 4. Exemptions
Section 5. Definitions
Section 6. Duties of Insurers and Insurance Producers
Section 7. Insurance Producer Training
Section 8. Compliance Mitigation; Penalties
Section 9. [Optional] Recordkeeping
Section 10. Effective Date

Section 1. Purpose

A. The purpose of this regulation is to require insurers to establish a system to supervise recommendations and to set forth standards and procedures for recommendations to consumers that result in transactions involving annuity products so that the insurance needs and financial objectives of consumers at the time of the transaction are appropriately addressed.

B. Nothing herein shall be construed to create or imply a private cause of action for a violation of this regulation.

Drafting Note: The language of subsection B comes from the NAIC Unfair Trade Practices Act. If a State has adopted different language, it should be substituted for subsection B.

Section 2. Scope

This regulation shall apply to any recommendation to purchase, exchange or replace an annuity made to a consumer by an insurance producer, or an insurer where no producer is involved, that results in the purchase, exchange or replacement recommended.

Section 3. Authority

This regulation is issued under the authority of [insert reference to enabling legislation].

Drafting Note: States may wish to use the Unfair Trade Practices Act as enabling legislation or may pass a law with specific authority to adopt this regulation.

Section 4. Exemptions

Unless otherwise specifically included, this regulation shall not apply to transactions involving:

A. Direct response solicitations where there is no recommendation based on information collected from the consumer pursuant to this regulation;
B. Contracts used to fund:

(1) An employee pension or welfare benefit plan that is covered by the Employee Retirement and Income Security Act (ERISA);

(2) A plan described by sections 401(a), 401(k), 403(b), 408(k) or 408(p) of the Internal Revenue Code (IRC), as amended, if established or maintained by an employer;

(3) A government or church plan defined in section 414 of the IRC, a government or church welfare benefit plan, or a deferred compensation plan of a state or local government or tax exempt organization under section 457 of the IRC;

(4) A nonqualified deferred compensation arrangement established or maintained by an employer or plan sponsor;

(5) Settlements of or assumptions of liabilities associated with personal injury litigation or any dispute or claim resolution process; or

(6) Formal prepaid funeral contracts.

Section 5. Definitions

A. “Annuity” means an annuity, that is an insurance product under State law that is individually solicited, whether the product is classified as an individual or group annuity.

B. “Continuing education credit” or “CE credit” means one continuing education credit as defined in [insert reference in State law or regulations governing producer continuing education course approval].

C. “Continuing education provider” or “CE provider” means an individual or entity that is approved to offer continuing education courses pursuant to [insert reference in State law or regulations governing producer continuing education course approval].

D. “FINRA” means the Financial Industry Regulatory Authority or a succeeding agency.

E. “Insurer” means a company required to be licensed under the laws of this state to provide insurance products, including annuities.

F. “Insurance producer” means a person required to be licensed under the laws of this state to sell, solicit or negotiate insurance, including annuities.

G. “Recommendation” means advice provided by an insurance producer, or an insurer where no producer is involved, to an individual consumer that results in a purchase, exchange or replacement of an annuity in accordance with that advice.

H. “Replacement” means a transaction in which a new policy or contract is to be purchased, and it is known or should be known to the proposing producer, or to the proposing insurer if there is no producer, that by reason of the transaction, an existing policy or contract has been or is to be:

(1) Lapsed, forfeited, surrendered or partially surrendered, assigned to the replacing insurer or otherwise terminated;

(2) Converted to reduced paid-up insurance, continued as extended term insurance, or otherwise reduced in value by the use of nonforfeiture benefits or other policy values;

(3) Amended so as to effect either a reduction in benefits or in the term for which coverage would otherwise remain in force or for which benefits would be paid;
(4) Reissued with any reduction in cash value; or

(5) Used in a financed purchase.

**Drafting Note:** The definition of “replacement” above is derived from the NAIC Life Insurance and Annuities Replacement Model Regulation. If a State has a different definition for “replacement,” the State should either insert the text of that definition in place of the definition above or modify the definition above to provide a cross-reference to the definition of “replacement” that is in State law or regulation.

I. “Suitability information” means information that is reasonably appropriate to determine the suitability of a recommendation, including the following:

(1) Age;

(2) Annual income;

(3) Financial situation and needs, including the financial resources used for the funding of the annuity;

(4) Financial experience;

(5) Financial objectives;

(6) Intended use of the annuity;

(7) Financial time horizon;

(8) Existing assets, including investment and life insurance holdings;

(9) Liquidity needs;

(10) Liquid net worth;

(11) Risk tolerance; and

(12) Tax status.

* * * * * * * *

**Section 6. Duties of Insurers and of Insurance Producers**

A. In recommending to a consumer the purchase of an annuity or the exchange of an annuity that results in another insurance transaction or series of insurance transactions, the insurance producer, or the insurer where no producer is involved, shall have reasonable grounds for believing that the recommendation is suitable for the consumer on the basis of the facts disclosed by the consumer as to his or her investments and other insurance products and as to his or her financial situation and needs, including the consumer’s suitability information, and that there is a reasonable basis to believe all of the following:

(1) The consumer has been reasonably informed of various features of the annuity, such as the potential surrender period and surrender charge, potential tax penalty if the consumer sells, exchanges, surrenders or annuitizes the annuity, mortality and expense fees, investment advisory fees, potential charges for and features of riders, limitations on interest returns, insurance and investment components and market risk;

**Drafting Note:** If a State has adopted the NAIC Annuity Disclosure Model Regulation, the State should insert an additional phrase in paragraph (1) above to explain that the requirements of this section are intended to supplement and not replace the disclosure requirements of the NAIC Annuity Disclosure Model Regulation.
(2) The consumer would benefit from certain features of the annuity, such as tax-deferred growth, annuitization or death or living benefit;

(3) The particular annuity as a whole, the underlying subaccounts to which funds are allocated at the time of purchase or exchange of the annuity, and riders and similar product enhancements, if any, are suitable (and in the case of an exchange or replacement, the transaction as a whole is suitable) for the particular consumer based on his or her suitability information; and

(4) In the case of an exchange or replacement of an annuity, the exchange or replacement is suitable including taking into consideration whether:

(a) The consumer will incur a surrender charge, be subject to the commencement of a new surrender period, lose existing benefits (such as death, living or other contractual benefits), or be subject to increased fees, investment advisory fees or charges for riders and similar product enhancements;

(b) The consumer would benefit from product enhancements and improvements; and

(c) The consumer has had another annuity exchange or replacement and, in particular, an exchange or replacement within the preceding 36 months.

B. Prior to the execution of a purchase, exchange or replacement of an annuity resulting from a recommendation, an insurance producer, or an insurer where no producer is involved, shall make reasonable efforts to obtain the consumer’s suitability information.

C. Except as permitted under subsection D, an insurer shall not issue an annuity recommended to a consumer unless there is a reasonable basis to believe the annuity is suitable based on the consumer’s suitability information.

D. (1) Except as provided under paragraph (2) of this subsection, neither an insurance producer, nor an insurer, shall have any obligation to a consumer under subsection A or C related to any annuity transaction if:

(a) No recommendation is made;

(b) A recommendation was made and was later found to have been prepared based on materially inaccurate information provided by the consumer;

(c) A consumer refuses to provide relevant suitability information and the annuity transaction is not recommended; or

(d) A consumer decides to enter into an annuity transaction that is not based on a recommendation of the insurer or the insurance producer.

(2) An insurer’s issuance of an annuity subject to paragraph (1) shall be reasonable under all the circumstances actually known to the insurer at the time the annuity is issued.

E. An insurance producer or, where no insurance producer is involved, the responsible insurer representative, shall at the time of sale:

(1) Make a record of any recommendation subject to section 6A of this regulation;

(2) Obtain a customer signed statement documenting a customer’s refusal to provide suitability information, if any; and
(3) Obtain a customer signed statement acknowledging that an annuity transaction is not recommended if a customer decides to enter into an annuity transaction that is not based on the insurance producer’s or insurer’s recommendation.

F. (1) An insurer shall establish a supervision system that is reasonably designed to achieve the insurer’s and its insurance producers’ compliance with this regulation, including, but not limited to, the following:

(a) The insurer shall maintain reasonable procedures to inform its insurance producers of the requirements of this regulation and shall incorporate the requirements of this regulation into relevant insurance producer training manuals;

(b) The insurer shall establish standards for insurance producer product training and shall maintain reasonable procedures to require its insurance producers to comply with the requirements of section 7 of this regulation;

(c) The insurer shall provide product-specific training and training materials which explain all material features of its annuity products to its insurance producers;

(d) The insurer shall maintain procedures for review of each recommendation prior to issuance of an annuity that are designed to ensure that there is a reasonable basis to determine that a recommendation is suitable. Such review procedures may apply a screening system for the purpose of identifying selected transactions for additional review and may be accomplished electronically or through other means including, but not limited to, physical review. Such an electronic or other system may be designed to require additional review only of those transactions identified for additional review by the selection criteria;

(e) The insurer shall maintain reasonable procedures to detect recommendations that are not suitable. This may include, but is not limited to, confirmation of consumer suitability information, systematic customer surveys, interviews, confirmation letters and programs of internal monitoring. Nothing in this subparagraph prevents an insurer from complying with this subparagraph by applying sampling procedures, or by confirming suitability information after issuance or delivery of the annuity; and

(f) The insurer shall annually provide a report to senior management, including to the senior manager responsible for audit functions, which details a review, with appropriate testing, reasonably designed to determine the effectiveness of the supervision system, the exceptions found, and corrective action taken or recommended, if any.

(2) (a) Nothing in this subsection restricts an insurer from contracting for performance of a function (including maintenance of procedures) required under paragraph (1). An insurer is responsible for taking appropriate corrective action and may be subject to sanctions and penalties pursuant to section 8 of this regulation regardless of whether the insurer contracts for performance of a function and regardless of the insurer’s compliance with subparagraph (b) of this paragraph.

(b) An insurer’s supervision system under paragraph (1) shall include supervision of contractual performance under this subsection. This includes, but is not limited to, the following:

(i) Monitoring and, as appropriate, conducting audits to assure that the contracted function is properly performed; and

(ii) Annually obtaining a certification from a senior manager who has responsibility for the contracted function that the manager has a reasonable basis to represent, and does represent, that the function is properly performed.
(3) An insurer is not required to include in its system of supervision an insurance producer’s recommendations to consumers of products other than the annuities offered by the insurer.

G. An insurance producer shall not dissuade, or attempt to dissuade, a consumer from:

1. Truthfully responding to an insurer’s request for confirmation of suitability information;
2. Filing a complaint; or
3. Cooperating with the investigation of a complaint.

H. (1) Sales made in compliance with FINRA requirements pertaining to suitability and supervision of annuity transactions shall satisfy the requirements under this regulation. This subsection applies to FINRA broker-dealer sales of variable annuities and fixed annuities if the suitability and supervision is similar to those applied to variable annuity sales. However, nothing in this subsection shall limit the insurance commissioner’s ability to enforce (including investigate) the provisions of this regulation.

Drafting Note: Non-compliance with FINRA requirements means that the broker-dealer transaction is subject to compliance with the suitability requirements of this regulation.

(2) For paragraph (1) to apply, an insurer shall:

(a) Monitor the FINRA member broker-dealer using information collected in the normal course of an insurer’s business; and
(b) Provide to the FINRA member broker-dealer information and reports that are reasonably appropriate to assist the FINRA member broker-dealer to maintain its supervision system.

Section 7. Insurance Producer Training

A. An insurance producer shall not solicit the sale of an annuity product unless the insurance producer has adequate knowledge of the product to recommend the annuity and the insurance producer is in compliance with the insurer’s standards for product training. An insurance producer may rely on insurer-provided product-specific training standards and materials to comply with this subsection.

B. (1) (a) An insurance producer who engages in the sale of annuity products shall complete a one-time four (4) credit training course approved by the department of insurance and provided by the department of insurance-approved education provider.

(b) Insurance producers who hold a life insurance line of authority on the effective date of this regulation and who desire to sell annuities shall complete the requirements of this subsection within six (6) months after the effective date of this regulation. Individuals who obtain a life insurance line of authority on or after the effective date of this regulation may not engage in the sale of annuities until the annuity training course required under this subsection has been completed.

(2) The minimum length of the training required under this subsection shall be sufficient to qualify for at least four (4) CE credits, but may be longer.

(3) The training required under this subsection shall include information on the following topics:

(a) The types of annuities and various classifications of annuities;
(b) Identification of the parties to an annuity;
(c) How fixed, variable and indexed annuity contract provisions affect consumers;

(d) The application of income taxation of qualified and non-qualified annuities;

(e) The primary uses of annuities; and

(f) Appropriate sales practices, replacement and disclosure requirements.

(4) Providers of courses intended to comply with this subsection shall cover all topics listed in the prescribed outline and shall not present any marketing information or provide training on sales techniques or provide specific information about a particular insurer’s products. Additional topics may be offered in conjunction with and in addition to the required outline.

(5) A provider of an annuity training course intended to comply with this subsection shall register as a CE provider in this State and comply with the rules and guidelines applicable to insurance producer continuing education courses as set forth in [insert reference to State law or regulations governing producer continuing education course approval].

(6) Annuity training courses may be conducted and completed by classroom or self-study methods in accordance with [insert reference to State law or regulations governing producer continuing education course approval].

(7) Providers of annuity training shall comply with the reporting requirements and shall issue certificates of completion in accordance with [insert reference to State law or regulations governing producer continuing education course approval].

(8) The satisfaction of the training requirements of another State that are substantially similar to the provisions of this subsection shall be deemed to satisfy the training requirements of this subsection in this State.

(9) An insurer shall verify that an insurance producer has completed the annuity training course required under this subsection before allowing the producer to sell an annuity product for that insurer. An insurer may satisfy its responsibility under this subsection by obtaining certificates of completion of the training course or obtaining reports provided by commissioner-sponsored database systems or vendors or from a reasonably reliable commercial database vendor that has a reporting arrangement with approved insurance education providers.
REQUEST FOR MODEL LAW DEVELOPMENT

This form is intended to gather information to support the development of a new model law or amendment to an existing model law. Prior to development of a new or amended model law, approval of the respective Parent Committee and the NAIC’s Executive Committee is required. The NAIC’s Executive Committee will consider whether the request fits the criteria for model law development. Please complete all questions and provide as much detail as necessary to help in this determination.

Please check whether this is: ☐ New Model Law or ☒ Amendment to Existing Model

1. Name of group to be responsible for drafting the model:
   Contingent Deferred Annuity (A) Working Group

2. NAIC staff support contact information:
   Jennifer R. Cook, jcook@naic.org, Phone: 202-471-3986

3. Please provide a description and proposed title of the new model law. If an existing law, please provide the title, attach a current version to this form and reference the section(s) proposed to be amended.
   Suitability in Annuity Transactions Model Regulation (#275)
   Revise to specifically reference its applicability to the sale of contingent deferred annuities (CDAs), including the one-time, four hour training and the product-specific training requirements.

4. Does the model law meet the Model Law Criteria? ☒ Yes or ☐ No (Check one)
   (If answering no to any of these questions, please reevaluate charge and proceed accordingly to address issues).
   a. Does the subject of the model law necessitate a national standard and require uniformity amongst all states? ☒ Yes or ☐ No (Check one)
      If yes, please explain why
      Due to increasing interest at state and federal levels in both suitability and mitigating longevity risk, state laws should be clear as to the applicability of their laws to CDAs.
   b. Does Committee believe NAIC members should devote significant regulator and Association resources to educate, communicate and support this model law?
      ☒ Yes or ☐ No (Check one)
5. What is the likelihood that your Committee will be able to draft and adopt the model law within one year from the date of Executive Committee approval?

- [ ] 1  - [ ] 2  - [ ] 3  - [ ] 4  - [ ] 5  (Check one)

High Likelihood  Low Likelihood

Explanation, if necessary:

6. What is the likelihood that a minimum two-thirds majority of NAIC members would ultimately vote to adopt the proposed model law?

- [ ] 1  - [ ] 2  - [ ] 3  - [ ] 4  - [ ] 5  (Check one)

High Likelihood  Low Likelihood

Explanation, if necessary: States will want to include this clarification, especially since the federal government continues to scrutinize state's ability to protect consumers, including the adequacy of state suitability laws.

7. What is the likelihood that state legislature will adopt the model law in a uniform manner within three years of adoption by the NAIC?

- [ ] 1  - [ ] 2  - [ ] 3  - [ ] 4  - [ ] 5  (Check one)

High Likelihood  Low Likelihood

Explanation, if necessary:

8. Is this model law referenced in the Accreditation Standards? If so, does the standard require the model law to be adopted in a substantially similar manner?

No

9. Is this model law in response to or impacted by federal laws or regulations? If yes, please explain.

No
Project History

SUITABILITY IN ANNUITY TRANSACTIONS MODEL REGULATION (#275)

1. **Description of the Project, Issues Addressed, etc.**

The *Suitability in Annuity Transactions Model Regulation (#275)* was revised to clarify its application to contingent deferred annuities (CDAs) by:

- Deleting references to variable and fixed and leaving the broader reference to “annuities” in Section 6H, which states that sales made in compliance with Financial Industry Regulatory Authority (FINRA) requirements pertaining to suitability and supervision of annuity transactions shall satisfy the requirements under this regulation.

- Adding to Section 7. Producer Training the clarification that training include how **product-specific** annuity contract features affect consumers.

2. **Name of Group Responsible for Drafting the Model and States Participating**

The Contingent Deferred Annuity (A) Working Group of the Life Insurance and Annuities (A) Committee was responsible for drafting the revisions.

**States Participating:**

3. **Project Authorized by What Charge and Date First Given to the Group**

The project was authorized in 2012 by the following charge: Appoint a Contingent Deferred Annuity (A) Working Group to develop NAIC guidelines and/or model bulletin that can serve as a reference for states interested in modifying their annuity laws to clarify their applicability to contingent deferred annuities (CDAs) and, as part of this work, review existing NAIC model laws and regulations applicable to consumer protection issues associated with CDAs.

4. **A General Description of the Drafting Process (e.g., drafted by a subgroup, interested parties, the full group, etc). Include any parties outside the members that participated.**

The revisions to the *Suitability in Annuity Transactions Model Regulation (#275)* were drafted by the Contingent Deferred Annuity (A) Working Group. The revisions, and comments received on them, were reviewed and discussed by the Working Group. All comments were posted on the NAIC website. The Working Group adopted a draft of proposed revisions at the 2014 Fall National Meeting, which was then forwarded to the Life Insurance and Annuities (A) Committee. The Life Insurance and Annuities (A) Committee also adopted the revisions at the 2014 Fall National Meeting.

All drafts were distributed to more than 100 interested parties and posted on the NAIC website. Numerous interested parties participated, including: the American Council of Life Insurers (ACLI); the National Association for Fixed Annuities (NAFA); the Insured Retirement Institute (IRI); the National Association for Insurance and Financial Advisors (NAIFA); Birny Birnbaum (Center for Economic Justice—CEJ); and the American Academy of Actuaries (Academy).
5. **A General Description of the Due Process** (e.g., exposure periods, public hearings or any other means by which widespread input from industry, consumers and legislators was solicited)

The Contingent Deferred Annuity (A) Working Group met at each national meeting and held interim meetings and interim conference calls beginning in June 2012 until adopting the revisions at the 2014 Fall National Meeting.

6. **A Discussion of the Significant Issues** (e.g., items of some controversy raised during the due process and the group’s response)

There were concerns that using the term “CDAs” when revising the model would be too limiting and that subsequent model revisions would be necessary to address every innovation in the industry. The language adopted seeks to address this concern by using broader language.

7. **Any Other Important Information** (e.g., amending an accreditation standard)

None
The purpose of this regulation is to set forth minimum standards and guidelines to assure a full and truthful disclosure to the public of all material and relevant information in the advertising of life insurance policies and annuity contracts.

For the purpose of this regulation:

A. (1) “Advertisement” means material designed to create public interest in life insurance or annuities or in an insurer, or in an insurance producer; or to induce the public to purchase, increase, modify, reinstate, borrow on, surrender, replace or retain a policy including:

Comment: See drafting note caveat immediately following the definition of “insurance producer” in this section.

(a) Printed and published material, audiovisual material and descriptive literature of an insurer or insurance producer used in direct mail, newspapers, magazines, radio and television scripts, telemarketing scripts, billboards and similar displays, and the Internet or any other mass communication media.

(b) Descriptive literature and sales aids of all kinds, authored by the insurer, its insurance producers, or third parties, issued, distributed or used by the insurer or insurance producer; including but not limited to circulars, leaflets, booklets, web pages, depictions, illustrations and form letters;

(c) Material used for the recruitment, training and education of an insurer’s insurance producers which is designed to be used or is used to induce the public to purchase, increase, modify, reinstate, borrow on, surrender, replace or retain a policy;

(d) Prepared sales talks, presentations and materials for use by insurance producers.

(2) “Advertisement” for the purpose of this regulation shall not include:
(a) Communications or materials used within an insurer’s own organization and not intended for dissemination to the public;

(b) Communications with policyholders other than material urging policyholders to purchase, increase, modify, reinstate or retain a policy; and

(c) A general announcement from a group or blanket policyholder to eligible individuals on an employment or membership list that a policy or program has been written or arranged; provided the announcement clearly indicates that it is preliminary to the issuance of a booklet explaining the proposed coverage.

B. “Determinable policy elements” means elements that are derived from processes or methods that are guaranteed at issue and not subject to company discretion, but where the values or amounts cannot be determined until some point after issue. These elements include the premiums, credited interest rates (including any bonus), benefits, values, non-interest based credits, charges or elements of formulas used to determine any of these. These elements may be described as guaranteed but not determined at issue. An element is considered determinable if it was calculated from underlying determinable policy elements only, or from both determinable and guaranteed policy elements.

C. “Guaranteed policy elements” means the premiums, benefits, values, credits or charges under a policy, or elements of formulas used to determine any of these that are guaranteed and determined at issue.

D. “Insurance producer” means a person required to be licensed under the laws of this state to sell, solicit or negotiate insurance.

Drafting Note: Each jurisdiction may wish to revise the definition of “insurance producer” to reference the definition in that jurisdiction’s licensing law. This definition from the NAIC Producer Licensing Model Act, which also defines the terms “sell,” “solicit,” and “negotiate,” should be used. This term and words related thereto should not be included in life advertising regulations unless “insurance producer” also is statutorily defined and the definitions are identical.

E. “Insurer” means any individual, corporation, association, partnership, reciprocal exchange, inter-insurer, Lloyd’s, fraternal benefit society, and any other legal entity which is defined as an “insurer” in the insurance code of this state or issues life insurance or annuities in this state and is engaged in the advertisement of a policy.

F. “Nonguaranteed elements” means the premiums, credited interest rates (including any bonus), benefits, values, non-interest based credits, charges or elements of formulas used to determine any of these, that are subject to company discretion and are not guaranteed at issue. An element is considered nonguaranteed if any of the underlying nonguaranteed elements are used in its calculation.

G. “Policy” means any policy, plan, certificate, including a fraternal benefit certificate, contract, agreement, statement of coverage, rider or endorsement which provides for life insurance or annuity benefits.

H. “Preneed funeral contract or prearrangement” means an arrangement by or for an individual before the individual’s death relating to the purchase or provision of specific funeral or cemetery merchandise or services.

I. “Registered product” means an annuity contract or life insurance policy subject to the prospectus delivery requirements of the Securities Act of 1933.

Drafting Note: Registered product includes, but is not limited to, contingent deferred annuities.

Section 3. Applicability

A. This regulation shall apply to any life insurance or annuity advertisement intended for dissemination in this state. In variable contracts and other registered products where disclosure requirements are established
pursuant to federal regulation, this regulation shall be interpreted so as to eliminate conflict with federal regulation.

B. All advertisements, regardless of by whom written, created, designed or presented, shall be the responsibility of the insurer, as well as the producer who created or presented the advertisement. Insurers shall establish and at all times maintain a system of control over the content, form and method of dissemination of all advertisements of its policies. A system of control shall include regular and routine notification, at least once a year, to agents, brokers and others authorized by the insurer to disseminate advertisements of the requirement and procedures for company approval prior to the use of any advertisements that is not furnished by the insurer and that clearly sets forth within the notice the most serious consequence of not obtaining the required prior approval.

Explanation, if necessary:

6. What is the likelihood that a minimum two-thirds majority of NAIC members would ultimately vote to adopt the proposed model law?

☐ 1 ☒ 2 ☐ 3 ☐ 4 ☐ 5 (Check one)

High Likelihood Low Likelihood

Explanation, if necessary: As CDA become more prevalent in the marketplace, states will want to make sure their state laws explicitly apply to CDAs.

7. What is the likelihood that state legislature will adopt the model law in a uniform manner within three years of adoption by the NAIC?

☐ 1 ☒ 2 ☐ 3 ☐ 4 ☐ 5 (Check one)

High Likelihood Low Likelihood

Explanation, if necessary:

8. Is this model law referenced in the Accreditation Standards? If so, does the standard require the model law to be adopted in a substantially similar manner?

No

9. Is this model law in response to or impacted by federal laws or regulations? If yes, please explain.

No
PROJECT HISTORY

ADVERTISEMENTS OF LIFE INSURANCE AND ANNUITIES MODEL REGULATION (#570)

1. Description of the Project, Issues Addressed, etc.

The Advertisements of Life Insurance and Annuities Model Regulation (#570) was revised to clarify its application to contingent deferred annuities (CDAs) by:

- Adding to Section 2. Definitions: Registered product means an annuity contract or life insurance policy subject to the prospectus delivery requirements of the Securities Act of 1933, with a drafting note stating that registered products include, but are not limited to, CDAs.

- Adding a reference to “registered products” in Section 3. Applicability.

2. Name of Group Responsible for Drafting the Model and States Participating

The Contingent Deferred Annuity (A) Working Group of the Life Insurance and Annuities (A) Committee was responsible for drafting the revisions.

States Participating:

Ted Nickel, Chair          Wisconsin          Roger A. Sevigny/Keith Nyhan          New Hampshire
Robert Chester              Connecticut        Joseph Torti III/Elizabeth Dwyer       Rhode Island
Jim Mumford                  Iowa               Michael Humphreys                    Tennessee
Jason Lapham                  Kansas            Tomasz Serbinowski                   Utah
Bruce R. Ramge               Nebraska

LIFE INSURANCE AND ANNUITIES REPLACEMENT MODEL REGULATION

Table of Contents

Section 1. Purpose and Scope
Section 2. Definitions
Section 3. Duties of Producers
Section 4. Duties of Insurers that Use Producers
Section 5. Duties of Replacing Insurers that Use Producers
Section 6. Duties of the Existing Insurer
Section 7. Duties of Insurers with Respect to Direct Response Solicitations
Section 8. Violations and Penalties
Section 9. Severability
Section 10. Effective Date
Appendix A. Important Notice Regarding Replacements
Appendix B. Notice Regarding Replacements for Direct Response Insurers
Appendix C. Important Notice Regarding Replacements for Direct Response Insurers

Section 1. Purpose and Scope

A. The purpose of this regulation is:

(1) To regulate the activities of insurers and producers with respect to the replacement of existing life insurance and annuities.

(2) To protect the interests of life insurance and annuity purchasers by establishing minimum standards of conduct to be observed in replacement or financed purchase transactions. It will:

(a) Assure that purchasers receive information with which a decision can be made in his or her own best interest;

(b) Reduce the opportunity for misrepresentation and incomplete disclosure; and

(c) Establish penalties for failure to comply with requirements of this regulation.

B. Unless otherwise specifically included, this regulation shall not apply to transactions involving:

(1) Credit life insurance;

(2) Group life insurance or group annuities where there is no direct solicitation of individuals by an insurance producer. Direct solicitation shall not include any group meeting held by an insurance producer solely for the purpose of educating or enrolling individuals or, when initiated by an individual member of the group, assisting with the selection of investment options offered by a single insurer in connection with enrolling that individual. Group life insurance or group annuity certificates marketed through direct response solicitation shall be subject to the provisions of Section 7;

(3) Group life insurance and annuities used to fund prearranged funeral contracts;

(4) An application to the existing insurer that issued the existing policy or contract when a contractual change or a conversion privilege is being exercised; or, when the existing policy or contract is
being replaced by the same insurer pursuant to a program filed with and approved by the commissioner; or, when a term conversion privilege is exercised among corporate affiliates;

(5) Proposed life insurance that is to replace life insurance under a binding or conditional receipt issued by the same company;

(6) (a) Policies or contracts used to fund (i) an employee pension or welfare benefit plan that is covered by the Employee Retirement and Income Security Act (ERISA); (ii) a plan described by Sections 401(a), 401(k) or 403(b) of the Internal Revenue Code, where the plan, for purposes of ERISA, is established or maintained by an employer; (iii) a governmental or church plan defined in Section 414, a governmental or church welfare benefit plan, or a deferred compensation plan of a state or local government or tax exempt organization under Section 457 of the Internal Revenue Code; or (iv) a nonqualified deferred compensation arrangement established or maintained by an employer or plan sponsor.

(b) Notwithstanding Subparagraph (a), this regulation shall apply to policies or contracts used to fund any plan or arrangement that is funded solely by contributions an employee elects to make, whether on a pre-tax or after-tax basis, and where the insurer has been notified that plan participants may choose from among two (2) or more insurers and there is a direct solicitation of an individual employee by an insurance producer for the purchase of a contract or policy. As used in this subsection, direct solicitation shall not include any group meeting held by an insurance producer solely for the purpose of educating individuals about the plan or arrangement or enrolling individuals in the plan or arrangement or, when initiated by an individual employee, assisting with the selection of investment options offered by a single insurer in connection with enrolling that individual employee;

(7) Where new coverage is provided under a life insurance policy or contract and the cost is borne wholly by the insured’s employer or by an association of which the insured is a member;

(8) Existing life insurance that is a non-convertible term life insurance policy that will expire in five (5) years or less and cannot be renewed;

(9) Immediate annuities that are purchased with proceeds from an existing contract. Immediate annuities purchased with proceeds from an existing policy are not exempted from the requirements of this regulation; or

(10) Structured settlements.

C. Registered contracts shall be exempt from the requirements of Sections 5A(2) and 6B with respect to the provision of illustrations or policy summaries; however, premium or contract contribution amounts and identification of the appropriate prospectus or offering circular shall be required instead.

Section 2. Definitions

A. “Direct-response solicitation” means a solicitation through a sponsoring or endorsing entity or individually solely through mails, telephone, the Internet or other mass communication media.

B. “Existing insurer” means the insurance company whose policy or contract is or will be changed or affected in a manner described within the definition of “replacement.”

C. “Existing policy or contract” means an individual life insurance policy (policy) or annuity contract (contract) in force, including a policy under a binding or conditional receipt or a policy or contract that is within an unconditional refund period.
D. “Financed purchase” means the purchase of a new policy involving the actual or intended use of funds obtained by the withdrawal or surrender of, or by borrowing from values of an existing policy to pay all or part of any premium due on the new policy. For purposes of a regulatory review of an individual transaction only, if a withdrawal, surrender or borrowing involving the policy values of an existing policy is used to pay premiums on a new policy owned by the same policyholder and issued by the same company within four (4) months before or thirteen (13) months after the effective date of the new policy, it will be deemed *prima facie* evidence of the policyholder’s intent to finance the purchase of the new policy with existing policy values. This *prima facie* standard is not intended to increase or decrease the monitoring obligations contained in Section 4A(5) of this regulation.

E. “Illustration” means a presentation or depiction that includes non-guaranteed elements of a policy of life insurance over a period of years as defined in [insert reference to state law equivalent to the NAIC Life Insurance Illustrations Model Regulation].

F. “Policy summary,” for the purposes of this regulation;
   
   (1) For policies or contracts other than universal life policies, means a written statement regarding a policy or contract which shall contain to the extent applicable, but need not be limited to, the following information: current death benefit; annual contract premium; current cash surrender value; current dividend; application of current dividend; and amount of outstanding loan.

   (2) For universal life policies, means a written statement that shall contain at least the following information: the beginning and end date of the current report period; the policy value at the end of the previous report period and at the end of the current report period; the total amounts that have been credited or debited to the policy value during the current report period, identifying each by type (e.g., interest, mortality, expense and riders); the current death benefit at the end of the current report period on each life covered by the policy; the net cash surrender value of the policy as of the end of the current report period; and the amount of outstanding loans, if any, as of the end of the current report period.

G. “Producer,” for the purpose of this regulation, shall be defined to include agents, brokers and producers.

H. “Replacing insurer” means the insurance company that issues or proposes to issue a new policy or contract that replaces an existing policy or contract or is a financed purchase.

I. “Registered contract” means an variable-annuity contract or variable life insurance policy subject to the prospectus delivery requirements of the Securities Act of 1933.

| **Drafting Note:** Registered contracts include, but are not limited to, contingent deferred annuities. |

J. “Replacement” means a transaction in which a new policy or contract is to be purchased, and it is known or should be known to the proposing producer, or to the proposing insurer if there is no producer, that by reason of the transaction, an existing policy or contract has been or is to be:

   (1) Lapsed, forfeited, surrendered or partially surrendered, assigned to the replacing insurer or otherwise terminated;

   (2) Converted to reduced paid-up insurance, continued as extended term insurance, or otherwise reduced in value by the use of nonforfeiture benefits or other policy values;

   (3) Amended so as to effect either a reduction in benefits or in the term for which coverage would otherwise remain in force or for which benefits would be paid;

   (4) Reissued with any reduction in cash value; or

   (5) Used in a financed purchase.
K. “Sales material” means a sales illustration and any other written, printed or electronically presented information created, or completed or provided by the company or producer and used in the presentation to the policy or contract owner related to the policy or contract purchased.

REQUEST FOR MODEL LAW DEVELOPMENT

This form is intended to gather information to support the development of a new model law or amendment to an existing model law. Prior to development of a new or amended model law, approval of the respective Parent Committee and the NAIC’s Executive Committee is required. The NAIC’s Executive Committee will consider whether the request fits the criteria for model law development. Please complete all questions and provide as much detail as necessary to help in this determination.

Please check whether this is: □ New Model Law or ☑ Amendment to Existing Model

1. Name of group to be responsible for drafting the model:
   Contingent Deferred Annuity (A) Working Group

2. NAIC staff support contact information:
   Jennifer R. Cook, jcook@naic.org, Phone: 202-471-3986

3. Please provide a description and proposed title of the new model law. If an existing law, please provide the title, attach a current version to this form and reference the section(s) proposed to be amended.
   Life Insurance and Annuities Replacement Model Regulation (#613)
   Revise to specifically reference applicability to contingent deferred annuities (CDAs).

4. Does the model law meet the Model Law Criteria? ☑ Yes or □ No (Check one)
   (If answering no to any of these questions, please reevaluate charge and proceed accordingly to address issues).
   a. Does the subject of the model law necessitate a national standard and require uniformity amongst all states?
      ☑ Yes or ☑ No (Check one)
      If yes, please explain why
      Due to increasing interest at state and federal levels in mitigating longevity risk, CDAs are likely to become increasingly prevalent. Therefore, state laws should be clear as to the applicability of their laws.
   b. Does Committee believe NAIC members should devote significant regulator and Association resources to educate, communicate and support this model law?
      ☑ Yes or □ No (Check one)
5. What is the likelihood that your Committee will be able to draft and adopt the model law within one year from the date of Executive Committee approval?

- 1 High Likelihood
- 2 Low Likelihood

Explanation, if necessary:

6. What is the likelihood that a minimum two-thirds majority of NAIC members would ultimately vote to adopt the proposed model law?

- 1 High Likelihood
- 2 Low Likelihood

Explanation, if necessary: As CDAs become more prevalent in the marketplace, states will want to make sure their state laws explicitly apply to CDAs.

7. What is the likelihood that state legislature will adopt the model law in a uniform manner within three years of adoption by the NAIC?

- 1 High Likelihood
- 2 Low Likelihood

Explanation, if necessary:

8. Is this model law referenced in the Accreditation Standards? If so, does the standard require the model law to be adopted in a substantially similar manner?

No

9. Is this model law in response to or impacted by federal laws or regulations? If yes, please explain.

No
PROJECT HISTORY

LIFE INSURANCE AND ANNUITIES REPLACEMENT MODEL REGULATION (#613)

1. Description of the Project, Issues Addressed, etc.

The Life Insurance and Annuities Replacement Model Regulation (#613) was revised to clarify its application to contingent deferred annuities (CDAs) by:

- Deleting the reference to “variable” in the definition of “registered contract” so that it reads “an annuity contract or life insurance policy subject to the prospectus delivery requirements of the Securities Act of 1933” and adding a drafting note stating that registered contracts include, but are not limited to, CDAs.

2. Name of Group Responsible for Drafting the Model and States Participating

The Contingent Deferred Annuity (A) Working Group of the Life Insurance and Annuities (A) Committee was responsible for drafting the revisions.

States Participating:

<table>

3. Project Authorized by What Charge and Date First Given to the Group

The project was authorized in 2012 by the following charge: Appoint a Contingent Deferred Annuity (A) Working Group to develop NAIC guidelines and/or model bulletin that can serve as a reference for states interested in modifying their annuity laws to clarify their applicability to contingent deferred annuities (CDAs) and, as part of this work, review existing NAIC model laws and regulations applicable to consumer protection issues associated with CDAs.

4. A General Description of the Drafting Process (e.g., drafted by a subgroup, interested parties, the full group, etc). Include any parties outside the members that participated.

The revisions to the Life Insurance and Annuities Replacement Model Regulation (#613) were drafted by the Contingent Deferred Annuity (A) Working Group. The revisions, and comments received on them, were reviewed and discussed by the Working Group. All comments were posted on the NAIC website. The Working Group adopted a draft of proposed revisions at the 2014 Fall National Meeting, which was then forwarded to the Life Insurance and Annuities (A) Committee. The Life Insurance and Annuities (A) Committee also adopted the revisions at the 2014 Fall National Meeting.

All drafts were distributed to more than 100 interested parties and posted on the NAIC website. Numerous interested parties participated, including: the American Council of Life Insurers (ACLI); the National Association for Fixed Annuities (NAFA); the Insured Retirement Institute (IRI); the National Association for Insurance and Financial Advisors (NAIFA); Birny Birnbaum (Center for Economic Justice—CEJ); and the American Academy of Actuaries (Academy).

5. A General Description of the Due Process (e.g., exposure periods, public hearings or any other means by which widespread input from industry, consumers and legislators was solicited)

The Contingent Deferred Annuity (A) Working Group met at each national meeting and held interim meetings and interim conference calls beginning in June 2012 Spring National Meeting until adopting the revisions at the 2014 Fall National Meeting.
6. **A Discussion of the Significant Issues (e.g., items of some controversy raised during the due process and the group’s response)**

There were concerns that using the term “CDAs” when revising the model would be too limiting and that subsequent model revisions would be necessary to address every innovation in the industry. The language adopted seeks to address this concern by using broader language and using a drafting note to clarify that the terms are intended to include CDAs.

7. **Any Other Important Information (e.g., amending an accreditation standard)**

None

Compendium of Reports on the Pricing of Personal Automobile Insurance

Report of the Auto Insurance (C/D) Study Group
Adopted by the Property and Casualty Insurance (C) Committee and the Market Regulation and Consumer Affairs (D) Committee, Nov. 16, 2014

Introduction

This document, created by the Auto Insurance (C/D) Study Group, is meant to serve as a resource for state insurance regulators seeking to know more about issues concerning the availability and affordability of automobile insurance. The document contains background information that provides: prior work done by the NAIC; summaries of materials relevant to the issue; and a list of studies and surveys examining the use of credit, occupation or education. The document also includes potential policy options, consisting of an array of state laws and initiatives that may impact the availability and/or affordability of automobile insurance.

The information contained in this document was collected by the Study Group, which was created in 2012. The Study Group created a work plan in August 2012 that called for the collection of research related to its charge to “review issues relating to low-income households and the auto insurance marketplace and to make recommendations as may be appropriate.” In addition to research collected by the Study Group, two separate surveys of state insurance regulators were conducted in order to obtain information concerning laws and various initiatives that states have undertaken to address issues related to the availability and affordability of automobile insurance. These results are summarized in Section E – Policy Options.

State insurance regulators are frequently called upon to research the issue of auto insurance availability and affordability. The Study Group hopes that regulators find this document useful when conducting such research for their state.

A. Prior NAIC Work

B. Summaries Drafted by the Auto Insurance (C/D) Study Group

Uninsured Motorist Issues

Competitiveness of Auto Markets

C. Studies, Reports and Surveys Examining the Use of Credit Scoring, Occupation or Education in Insurance

1. List of studies collected by the Auto Insurance (C/D) Study Group, March 2013.

D. Insurer Initiatives Related to Availability and Affordability Issues

E. Consumer Groups’ Perspectives

1. “Summary of Consumer Groups’ Comments Related to the Availability and Affordability of Auto Insurance for Low Income Drivers” November 2014

F. Policy Options

Includes state laws related to:
- Rate Filing
- Form Filing
- Fault System
- Tort Threshold
- Compulsory Liability
- Compulsory Personal Injury Protection (PIP)
- Compulsory Uninsured Motorists
- Minimum Liability Limits
- No Pay, No Play
- Negligent Systems

Includes information related to:
- a) State studies, hearings or inquiries regarding the availability or affordability of auto insurance for low-income households.
- b) Changes to state residual auto insurance markets.
- c) State identification of uninsured motorists.
- d) State data collection that can be used to examine the impact of underwriting or rating practices on low-income consumers.
- e) State initiatives.
- f) States requiring insurers to provide a disclosure notice to automobile insurance applicants or policyholders that includes underwriting guidelines, rating factors or discounts.
- g) States with publicly available auto insurance underwriting guidelines.
- h) Laws or regulations that specify or limit the factors auto insurers can use in underwriting or rating including, but not limited to, credit, education or occupation.
- i) States with Market Assistance Programs for automobile insurance.
- j) States with auto insurance rate comparison guides.
- k) Other initiatives.

Note: The Auto Insurance (C/D) Study Group has agreed to maintain an active listing of documents related to auto insurance availability and affordability issues on its website. This document can be found at http://www.naic.org/documents/committees_c_d_auto_insurance_study_group_related_to_availability_affordability_of_auto_mobile_insurance.pdf.
Adopted by the Terrorism Insurance Implementation (C) Working Group, 1/26/15
Pending adoption by the Property and Casualty Insurance (C) Committee, 3/30/15

MODEL BULLETIN

Terrorism Insurance Implementation (C) Working Group adopted a Model Bulletin, along with the Expedited SERFF Filing Transmittal Document and Policyholder Disclosures on January 26

TO: ALL PROPERTY AND CASUALTY INSURERS WRITING COMMERCIAL LINES INSURANCE PRODUCTS
ALL INSURERS ON THE NAIC QUARTERLY LISTING OF ALIEN INSURERS

RE: FILING PROCEDURES FOR COMPLIANCE WITH THE PROVISIONS OF THE TERRORISM RISK INSURANCE PROGRAM REAUTHORIZATION ACT OF 2015

FROM: [Insert name and title]

DRAFTING NOTE: This bulletin was drafted to expedite the delivery of a common message to insurers related to implementation issues that have developed as a result of the extension of the Terrorism Risk Insurance Act. The basic bulletin recognizes that most jurisdictions have allowed some coverage limitations related to non-certified acts of terrorism that are affected by the reauthorization of the Act. A few jurisdictions have not generally allowed coverage limitations related to other acts of terrorism. Each state needs to review the provisions of the bulletin as they relate to the Act and to existing state regulatory requirements and determine which of its provisions relate to their specific situation. Please note that states might wish to distinguish between filing requirements that apply to admitted insurers and those applicable to surplus lines insurers.

The purpose of this bulletin is to advise you of certain provisions of the Terrorism Risk Insurance Program Reauthorization Act of 2015 amending and extending the Terrorism Risk Insurance Act of 2002 (the Act) by reauthorization, which may require insurers to submit a filing in this state of disclosure notices, policy language, and applicable rates as a result of the Act. For further details related to the Act, please consult the Act itself.

Background

Uncertainty in the markets for commercial lines property and casualty insurance coverage arose following the substantial loss of lives and property experienced on September 11, 2001. Soon after these tragic events, many reinsurers announced that they would no longer provide coverage for acts of terrorism in future reinsurance contracts. This led to a concerted effort on behalf of all interested parties to seek a federal backstop to facilitate the ability of the insurance industry to continue to provide coverage for these unpredictable and potentially catastrophic events. As a result, Congress enacted and the President signed into law in November 2002, the Terrorism Risk Insurance Act of 2002. This federal law provided a federal backstop for defined acts of terrorism and imposed certain obligations on insurers. The Act was extended for a two-year period covering Program Years 2006 and 2007, and for an additional seven years through December 31, 2014 with the enactment of the Terrorism Risk Insurance Program Reauthorization Act of 2007. The Act has now been extended again with the enactment of the Terrorism Risk Insurance Program Reauthorization Act of 2015.

The reauthorized Act, as amended and extended, included several changes including:

- Extending the program through December 31, 2020.
- Fixing the Insurer Deductible at 20% of an insurer’s direct earned premium of the preceding calendar year and the federal share of compensation at 85% of insured losses that exceed insurer deductibles until January 1, 2016, at which time the federal share shall decrease by 1 percentage point per calendar year until equal to 80%.
- Requiring the Secretary of the Treasury certify acts of terrorism in consultation with the Secretary of Homeland Security.
- Amending the program trigger to apply to certified acts with insured losses exceeding $100 million for calendar year 2015, $120 million for calendar year 2016, $140 million for calendar year 2017, $160 million for calendar year 2018, $180 million for calendar year 2019, and $200 million for calendar year 2020 and any calendar year thereafter.
- The mandatory recoupment of the federal share through policyholder surcharges increasing to 140 percent (from 133 percent).

© 2015 National Association of Insurance Commissioners 1
• The insurance marketplace aggregate retention amount being the lesser of $27.5 billion, increasing annually by $2 billion until it equals $37.5 billion, and the aggregate amount of insured losses for the calendar year for all insurers. In the calendar year following the calendar year in which the marketplace retention amount equals $37.5 billion, and beginning in calendar year 2020 it is revised to be the lesser of the annual average of the sum of insurer deductibles for all insurers participating in the Program for the prior three calendar years as such sum is determined by the Secretary of the Treasury by regulation.

• Requiring the Secretary of the Treasury, not later than nine months after the date of enactment of the Act, to conduct and complete a study on the certification process, including the establishment of a reasonable timetable by which the Secretary must make an accurate determination on whether to certify an act as an act of terrorism.

• Requiring insurers participating in the Program to submit to the Secretary of the Treasury for a Congressional report to be submitted on June 30, 2016 and every June 30 thereafter, information regarding insurance coverage for terrorism losses in order to evaluate the effectiveness of the Program. The information to be provided includes: lines of insurance with exposure to terrorism losses, premiums earned on coverage, geographical location of exposures, pricing of coverage, the take-up rate for coverage, the amount of private reinsurance for acts of terrorism purchased and such other matters as the Secretary considers appropriate. This information may be collected by a statistical aggregator and in coordination with State insurance regulatory authorities.

• Requiring the Comptroller General of the United States to complete a study on the viability and effects of the Federal Government assessing and collecting upfront premiums and creating a capital reserve fund.

• Requiring the Secretary of the Treasury to conduct a study not later than June 30, 2017 and every June 30 thereafter to identify competitive challenges small insurers face in the terrorism risk insurance marketplace.

• Requiring the Secretary of the Treasury to appoint an Advisory Committee on Risk-Sharing Mechanisms to provide advice, recommendations and encouragement with respect to the creation and development of nongovernmental risk-sharing mechanisms. The Advisory Committee will be composed of nine members who are directors, officers, or other employees of insurers, reinsurers or capital market participants.

• Changing the terms “program year” and “transition period” to “calendar year” throughout.

### Definition of Act of Terrorism

Section 102(1) defines an *act of terrorism* for purposes of the Act. Please note that the unmodified reference to “the Secretary” refers to the Secretary of the Treasury. The revised Section 102(1)(A) states, “The term ‘act of terrorism’ means any act that is certified by the Secretary, in consultation with the Secretary of Homeland Security, and the Attorney General of the United States—(i) to be an act of terrorism; (ii) to be a violent act or an act that is dangerous to—(I) human life: (II) property; or (III) infrastructure; (iii) to have resulted in damage within the United States, or outside the United States in the case of—(I) an air carrier or vessel described in paragraph (5)(B); or (II) the premises of a United States mission; and (iv) to have been committed by an individual or individuals, as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.” Section 102(1)(B) states, “No act shall be certified by the Secretary as an act of terrorism if—(i) the act is committed as part of the course of a war declared by the Congress, except that this clause shall not apply with respect to any coverage for workers’ compensation; or (ii) property and casualty insurance losses resulting from the act, in the aggregate, do not exceed $5,000,000.” Section 102(1)(C) and (E) specify that the determinations are final and not subject to judicial review and that the Secretary of the Treasury cannot delegate the determination to anyone.

### Submission of Rates, Policy Form Language and Disclosure Notices

If an insurer relies on an advisory organization to file loss costs and related rating systems on its behalf, no rate filing is required unless an insurer plans to use a different loss cost multiplier than is currently on file for coverage for *certified losses*. Insurers that develop and file rates independently may choose to maintain their currently filed rates or submit a new filing. The rate filing should provide sufficient information for the reviewer to determine what price would be charged to a business seeking to cover certified losses. This state will accept filings that contain a specified percentage of premium to provide for coverage for *certified losses*. Insurers may also choose to use rating plans that take into account other factors such as geography, building profile, proximity to target risks, and other reasonable rating factors. The insurer should state in the filing the basis that it has for selection of the rates and rating systems that it chooses to apply. The supporting documentation should be sufficient for the reviewer to determine whether the rates are excessive, inadequate or unfairly discriminatory. For the convenience of insurers, this state will waive its requirements for supporting documentation for rates for certified losses for filings that apply an increased premium charge of between 0% and [insert percentage of premium]% and do not vary by application of other rating factors.

*DRAFTING NOTE: Your state may find that it is in its best interest to waive supporting documentation requirements for filings within a specified range. If not, the last sentence should be eliminated.*

© 2015 National Association of Insurance Commissioners
DRAFTING NOTE: In past bulletins, some states included language similar to what is in the following paragraph concerning non-certified acts. Your state may wish to evaluate whether such language is needed.

This state will not allow exclusions of coverage for acts of terrorism that fail to be certified losses solely because they fall below the $5,000,000 threshold in Section 102(1)(B) on any policy that provides coverage for acts of terrorism that fail to be certified. Insurers required to file policy forms may submit language containing coverage limitations for certified losses that exceed $100 billion in the aggregate.

Insurers subject to policy form regulation must submit the policy language that they intend to use in this state. The policy should define acts of terrorism in ways that are consistent with the Act, as amended, state law and the guidance provided in this bulletin. The definitions, terms and conditions should be complete and accurately describe the coverage that will be provided in the policy. Insurers may conclude that current filings are in compliance with the Act, as amended, state law and the requirements of this bulletin.

DRAFTING NOTE: Additional filings may be necessary under state law.

A change introduced in the Terrorism Risk Insurance Program Reauthorization Act of 2007 was a disclosure requirement for any policy issued after the enactment of the Act. Specifically, in addition to other disclosure requirements previously contained in TRIA, insurers since 2007 have had to provide clear and conspicuous disclosure to the policyholder of the existence of the $100 billion cap under Section 103(e)(2), at the time of offer, purchase, and renewal of the policy.

The [insert applicable term—commissioner, director, superintendent, insurance administrator] requests that the disclosure notices be filed for informational purposes, along with the policy forms, rates and rating systems as they are an integral part of the process for notification of policyholders in this state and should be clear and not misleading to business owners in this state. The disclosures should comply with the requirements of the Act, as amended, and should be consistent with the policy language and rates filed by the insurer.

DRAFTING NOTE: Your state may require disclosure notices be filed as a policy form, and not for informational purposes. If so, the second to the last sentence should be modified to eliminate the reference to informational purposes.

Given that the provisions of the Terrorism Risk Insurance Program Reauthorization Act of 2015 are already in effect, and insurers and advisory organizations must accelerate filing activity in order to achieve compliance with the revised provisions of TRIA, this state will permit insurers and advisory organizations to place new rates, policy forms and disclosure notices into immediate use without receiving prior approval from the [insert applicable term—commissioner, director, superintendent, insurance administrator] [NOTE: if state law requires a waiting period for filings, that can also be waived by using the following phrase: “…into immediate use without waiting for the tolling of the statutory waiting period.”]

DRAFTING NOTE: Waiving this requirement will enhance the revised products’ speed to market and minimize insurers’ operational costs and delays.

If an insurer wants to take advantage of this voluntary speed to market initiative for revised terrorism products, it should complete the attached Expedited SERFF Filing Transmittal Document for Terrorism Risk Insurance Forms and Pricing, and certify on the form that it is in compliance with the terms of the Terrorism Risk Insurance Program Reauthorization Act of 2015 and the laws of this state. Completion of the Expedited SERFF Filing Transmittal will also relieve an insurer from having to complete any other filing form or supplementary exhibit that is normally required to accompany filings.

DRAFTING NOTE: Some states may not require the Expedited SERFF Filing Transmittal Document and some states may require additional information.

[If needed, state-specific requirements should be inserted here.]

DRAFTING NOTE: A state should choose one of the following paragraphs depending on whether or not the state mandates the use of SERFF.

For states mandating SERFF:
Filers should use the SERFF system for submitting such filings. Filers should use the term “TRIA2015” in the product name field in SERFF to indicate a filing related to terrorism made in connection with the Terrorism Risk Insurance Program Reauthorization Act of 2015. The SERFF system alleviates the need to provide additional information in support of a request for expedited review, although some states may have additional requirements.

For other states:
We encourage filers to take advantage of the SERFF system for submitting such filings. Filers should use the term “TRIA2015” in the product name field in SERFF to indicate a filing related to terrorism made in connection with the Terrorism Risk Insurance Program Reauthorization Act of 2015. The SERFF system alleviates the need to provide additional information in support of a request for expedited review, although some states may have additional requirements.

Optional Provision for Standard Fire Policy States

_DRAFTING NOTE: This is an optional section for those states that have a statutory Standard Fire Policy that does not permit terrorism exclusions. States should also consider whether their Standard Fire Policy includes or excludes commercial inland marine coverages and inform insurers concerning this subject._

In this state, the requirements for fire coverage are established by law and where applicable, must meet or exceed the provisions of the Standard Fire Policy. These legal requirements cannot be waived. Thus, a business cannot voluntarily waive this statutorily mandated coverage.

Provision for Workers’ Compensation Policies

Workers’ compensation insurance coverage is statutorily mandated for nearly all U.S. employers and exemptions are barred in all states. Thus, a business cannot voluntarily waive workers’ compensation insurance (or terrorism coverage provided by a workers’ compensation insurance policy), nor can an insurer exempt terrorism risk from a workers’ compensation policy.

Effective Date

This bulletin shall take immediate effect and shall expire on December 31, 2020, unless Congress extends the duration of the Act.
You are hereby notified that under the Terrorism Risk Insurance Act, as amended, you have a right to purchase insurance coverage for losses resulting from acts of terrorism. *As defined in Section 102(1) of the Act:* The term “act of terrorism” means any act or acts that are certified by the Secretary of the Treasury—in consultation with the Secretary of Homeland Security, and the Attorney General of the United States—to be an act of terrorism; to be a violent act or an act that is dangerous to human life, property, or infrastructure; to have resulted in damage within the United States, or outside the United States in the case of certain air carriers or vessels or the premises of a United States mission; and to have been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

YOU SHOULD KNOW THAT WHERE COVERAGE IS PROVIDED BY THIS POLICY FOR LOSSES RESULTING FROM CERTIFIED ACTS OF TERRORISM, SUCH LOSSES MAY BE PARTIALLY REIMBURSED BY THE UNITED STATES GOVERNMENT UNDER A FORMULA ESTABLISHED BY FEDERAL LAW. HOWEVER, YOUR POLICY MAY CONTAIN OTHER EXCLUSIONS WHICH MIGHT AFFECT YOUR COVERAGE, SUCH AS AN EXCLUSION FOR NUCLEAR EVENTS. UNDER THE FORMULA, THE UNITED STATES GOVERNMENT GENERALLY REIMBURSES 85% THROUGH 2015; 84% BEGINNING ON JANUARY 1, 2016; 83% BEGINNING ON JANUARY 1, 2017; 82% BEGINNING ON JANUARY 1, 2018; 81% BEGINNING ON JANUARY 1, 2019 and 80% BEGINNING ON JANUARY 1, 2020, OF COVERED TERRORISM LOSSES EXCEEDING THE STATUTORILY ESTABLISHED DEDUCTIBLE PAID BY THE INSURANCE COMPANY PROVIDING THE COVERAGE. THE PREMIUM CHARGED FOR THIS COVERAGE IS PROVIDED BELOW AND DOES NOT INCLUDE ANY CHARGES FOR THE PORTION OF LOSS THAT MAY BE COVERED BY THE FEDERAL GOVERNMENT UNDER THE ACT.

YOU SHOULD ALSO KNOW THAT THE TERRORISM RISK INSURANCE ACT, AS AMENDED, CONTAINS A $100 BILLION CAP THAT LIMITS U.S. GOVERNMENT REIMBURSEMENT AS WELL AS INSURERS’ LIABILITY FOR LOSSES RESULTING FROM CERTIFIED ACTS OF TERRORISM WHEN THE AMOUNT OF SUCH LOSSES IN ANY ONE CALENDAR YEAR EXCEEDS $100 BILLION. IF THE AGGREGATE INSURED LOSSES FOR ALL INSURERS EXCEED $100 BILLION, YOUR COVERAGE MAY BE REDUCED.

### Acceptance or Rejection of Terrorism Insurance Coverage

| I hereby elect to purchase terrorism coverage for a prospective premium of $            |
| I hereby decline to purchase terrorism coverage for certified acts of terrorism. I understand that I will have no coverage for losses resulting from certified acts of terrorism. |

Policyholder/Applicant’s Signature | Insurance Company

Coverage for acts of terrorism is included in your policy. You are hereby notified that under the Terrorism Risk Insurance Act, as amended in 2015, the definition of act of terrorism has changed. As defined in Section 102(1) of the Act: The term “act of terrorism” means any act or acts that are certified by the Secretary of the Treasury—in consultation with the Secretary of Homeland Security, and the Attorney General of the United States—to be an act of terrorism; to be a violent act or an act that is dangerous to human life, property, or infrastructure; to have resulted in damage within the United States, or outside the United States in the case of certain air carriers or vessels or the premises of a United States mission; and to have been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion. Under your coverage, any losses resulting from certified acts of terrorism may be partially reimbursed by the United States Government under a formula established by the Terrorism Risk Insurance Act, as amended. However, your policy may contain other exclusions which might affect your coverage, such as an exclusion for nuclear events. Under the formula, the United States Government generally reimburses 85% through 2015; 84% beginning on January 1, 2016; 83% beginning on January 1, 2017; 82% beginning on January 1, 2018; 81% beginning on January 1, 2019 and 80% beginning on January 1, 2020, of covered terrorism losses exceeding the statutorily established deductible paid by the insurance company providing the coverage. The Terrorism Risk Insurance Act, as amended, contains a $100 billion cap that limits U.S. Government reimbursement as well as insurers’ liability for losses resulting from certified acts of terrorism when the amount of such losses exceeds $100 billion in any one calendar year. If the aggregate insured losses for all insurers exceed $100 billion, your coverage may be reduced.

The portion of your annual premium that is attributable to coverage for acts of terrorism is __________, and does not include any charges for the portion of losses covered by the United States government under the Act.

I ACKNOWLEDGE THAT I HAVE BEEN NOTIFIED THAT UNDER THE TERRORISM RISK INSURANCE ACT, AS AMENDED, ANY LOSSES RESULTING FROM CERTIFIED ACTS OF TERRORISM UNDER MY POLICY COVERAGE MAY BE PARTIALLY REIMBURSED BY THE UNITED STATES GOVERNMENT AND MAY BE SUBJECT TO A $100 BILLION CAP THAT MAY REDUCE MY COVERAGE, AND I HAVE BEEN NOTIFIED OF THE PORTION OF MY PREMIUM ATTRIBUTABLE TO SUCH COVERAGE.

This abbreviated filing transmittal document should be used in conjunction with a SERFF filing only.

To be complete, a filing must include the following:

- A completed Expedited SERFF Filing Transmittal Document.
- One copy of each endorsement, disclosure form and/or other policy language, unless the insurer has given an advisory organization authorization to file them on its behalf.
- A copy of the rates, rating systems and supporting documentation, if applicable.
- The appropriate filing fees, if applicable

The insurer(s) submitting this filing certifies that it:

☐ Is in compliance with the terms of the Terrorism Risk Insurance Act, as amended, and/or the laws of this state; and
☐ Is in compliance with the requirements of the bulletin containing the voluntary expedited filing procedures.

Electronic Signature: [This would be replaced with a prompt for an Adobe electronic signature.]

Out of Exchange (Note: there are two sections with the same questions. In Exchange does not include large group or student coverage. Out of Exchange does not include Multi-State)

For all Large Group comprehensive major medical and managed care policies

For Student Coverage

Transitional Plans

Health insurance coverage other than transitional, grandfathered, multi-state, or student

For all Small Group health insurance coverage other than transitional, grandfathered, or multi-state policies

Grandfathered

Catastrophic

For all large group comprehensive major medical and managed care (Minimum Essential Coverage) policies

(c) 2014 National Association of Insurance Commissioners
To: Commissioner Eleanor Kitzman, Chair  
Financial Regulation Standards and Accreditation (F) Committee

From: Risk Retention (C) Working Group

Date: February 13, 2012

Subject: 2011 Revisions to the Model Risk Retention Act

In December 2011, the NAIC membership adopted revisions, consisting of the addition of corporate governance standards, to the Model Risk Retention Act. The revisions first arose from a request based upon the Risk Retention (C) Working Group’s consideration of developing corporate governance standards to respond to accreditation and corporate governance issues. The corporate governance standards were adopted by the Property and Casualty (C) Committee in June 2007 and referred to the Financial Condition (E) Committee for consideration to include the standards in the Property/Casualty Annual Statement Instructions. The Risk Retention (E) Task Force found that the Annual Statement Instructions were not the proper place for this guidance, but instead, should be incorporated into a model law or regulation so that a state insurance department could compel the RRG to comply with these requirements.

**A statement and explanation of how the potential standard is directly related to solvency surveillance and why the proposal should be included in the standards:**

Corporate Governance is a framework of systems, policies and procedures through which an insurer effectively and efficiently: provides for sound and prudent management and oversight of the insurer’s business; creates security and long-term value for policyholders, beneficiaries, and other stakeholders; exercises its corporate authority; and holds its Board members, Senior Management, and Key Persons in Control Functions accountable. Good corporate governance may include board membership, control, independent members, and audit committee make-up.

The purpose of the corporate governance standards within the Act is to ensure that insurers implement and operate within effective risk management and internal controls systems, including determining the level of internal economic capital that should be held for solvency purpose.

**A statement as to why ultimate adoption by every jurisdiction may be desirable:**

The purpose of the amendment to the Model Act is to incorporate corporate governance provisions for domestic regulators of risk retention groups. It is part of the accreditation review enhancement of the regulation of risk retention groups. Some domestic risk retention group regulators do not have any regulatory standards for corporate governance, for example whether independent board members should be required. This issue was addressed in a 2005 GAO Report, *Risk Retention Groups: Common Regulatory Standards and Greater Member Protections Are Needed, GAO-05-536*, which found that some risk retention group insureds were vulnerable to misgovernance. The Report called for uniform corporate governance standards that would establish the insureds’ authority over management.
Adoption of corporate governance standards related to risk retention groups will ensure uniform and effective regulation throughout the marketplace. The incorporation of corporate governance standards will allow a state insurance department to compel a risk retention group to comply with these requirements.

A statement as to the number of jurisdictions that have adopted and implemented the proposal or a similar proposal and their experience to date:

No states have been identified as adopting the proposed corporate governance standards for risk retention groups.

A statement as to the provisions needed to meet the minimum requirements of the standard. That is, whether a state would be required to have “substantially similar” language or rather a regulatory framework. If it is being proposed that “substantially similar” language be required, the referring committee, task force or working group shall recommend those items that should be considered significant elements:

States should have a regulatory framework such as the corporate governance standards contained within the NAIC’s Model Risk Retention Act or similar provisions.

An estimate of the cost for insurance companies to comply with the proposal and the impact on state insurance departments to enforce it, if reasonably quantifiable:

There will be some initial costs to implement changes at the company and state insurance departments of states that have domestic RRGs, however the compliance and implementation costs should not be overly burdensome, since the Working Group considered the size of the companies and allows for alternative compliance as appropriate. The Model Act permits states to use their existing enforcement tools, but would expand the actions that may be taken given the new items that need to be complied with.

Additional information: None.
State Implementation Reporting of NAIC-Adopted Model Laws and Regulations

NOTE: In order to provide readers with the most current status of each adopted model, an update of this report will be available on March 30, with the posting of final materials for the Executive (EX) Committee and Plenary joint meeting.

**Life Insurance and Annuities (A) Committee**
- Amendments to the *Annuity Disclosure Model Regulation* (#245)
- Amendments to the *Standard Nonforfeiture Law for Life Insurance* (#808)
- Amendments to the *NAIC Model Rule for Recognizing a New Annuity Mortality Table for Use in Determining Reserve Liabilities for Annuities* (# 821)

**Health Insurance and Managed Care (B) Committee**
- Amendments to the *Health Insurance Reserves Model Regulation* (#10)
- *Individual Market Health Insurance Coverage Model Regulation* (#26) — (falls under the September 2008 federal law exemption to the Executive (EX) Committee approval requirement).
- Amendments to the *Health Carrier Grievance Procedure Model Act* (#72) — (falls under the September 2008 federal law exemption to the Executive (EX) Committee approval requirement).
- Amendments to the *Utilization Review and Benefit Determination Model Act* (#73) — (falls under the September 2008 federal law exemption to the Executive (EX) Committee approval requirement).
- *Small Group Market Health Insurance Coverage Model Act* (#106)
- *Coordination of Benefits Model Regulation* (#120)
- *Small Group Market Health Insurance Coverage Model Regulation* (#126)
- Amendments to the *Long-Term Care Insurance Model Regulation* (#641)

**Property and Casualty Insurance (C) Committee**
- Amendments to the *Business Transacted with Producer Controlled Property/Casualty Insurer Act* (#325)

**Financial Condition (E) Committee**
- *Corporate Governance Annual Disclosure Model Act* (#305)
- *Corporate Governance Annual Disclosure Model Regulation* (#306)
- *Insurance Holding Company System Regulatory Act* (#440)
- *Risk Management and Own Risk and Solvency Assessment Model Act* (#505)
