As of 3/24/16

April 5, 2016  
New Orleans, LA

**2:00 Registration Check-in**

**3:00 Welcome & Introduction**

~ *John M. Huff, Director*  
*Missouri Department of Insurance*

**3:10 Session 1: The Impact of Technological Advances on the Insurance Industry**

This presentation will discuss peer-to-peer insurance and the regulatory challenges for this market disruptor.

~ *Ty Sagalow, Chief Insurance Officer*  
*Lemonade*

**3:40 Session 2: The Use of BitCoin and BlockChain Technologies in the Insurance Industry**

This presentation will explore why insurers have been hesitant to underwrite coverage for electronic currency companies and what can be done to make this an insurable risk. Additionally, the session will discuss the current regulatory landscape for these technologies

~ *Dan Robles, Director*  
*The Ingensist Project*

**4:10 Session 3: Big Data Panel**

This panel discussion will explore the impact of Big Data on auto insurance, including price optimization, availability and affordability data; and leveraging NAIC data collection and validation expertise to assist regulators in converting Big Data to useful information.

*Moderator:*

~ *Laura Cali, Commissioner*  
*Oregon Insurance Division*

*Panelists:*

~ *Jim MacGinnitie, Senior P/C Fellow*
