

ACTUARIAL OPINION

1. There is to be included or attached to Page 1 of the Annual Statement, the statement of a Qualified Actuary, entitled “Statement of Actuarial Opinion,” setting forth his or her opinion relating to reserves specified in the SCOPE paragraph. The Actuarial Opinion, both the narrative and required Exhibits, shall be in the format of and contain the information required by this section of the *Annual Statement Instructions – Property and Casualty*.

Upon initial engagement, the Qualified Actuary must be appointed by the Board of Directors by December 31 of the calendar year for which the opinion is rendered. The company shall notify the domiciliary commissioner within five business days of the initial appointment with the following information:

- a. Name and title (and, in the case of a consulting actuary, the name of the firm).
- b. Manner of appointment of the Appointed Actuary (e.g., who made the appointment and when).
- c. A statement that the person meets the requirements of a Qualified Actuary.

Once this notification is furnished, no further notice is required with respect to this person unless the Board of Directors takes action to no longer appoint or retain the actuary or the actuary no longer meets the requirements of a Qualified Actuary.

Upon initial engagement, in order for the Board of Directors to assess that the actuary meets the definition of Qualified Actuary and document such review in its minutes, the Board shall require the actuary to explain how all of the applicable requirements in the *Qualification Standards for Actuaries Issuing Statements of Actuarial Opinion in the United States* are met. An attestation form available from the American Academy of Actuaries can be completed by the actuary to satisfy documentation requirements.

After the initial appointment, the Appointed Actuary shall include in the Actuarial Report documentation that demonstrates continued compliance with the *Qualification Standards*.

If an actuary who was the Appointed Actuary for the immediately preceding filed Actuarial Opinion is replaced by an action of the Board of Directors, the insurer shall within five (5) business days notify the Insurance Department of the state of domicile of this event. The insurer shall also furnish the domiciliary commissioner with a separate letter within ten (10) business days of the above notification stating whether in the twenty four (24) months preceding such event there were any disagreements with the former Appointed Actuary regarding the content of the opinion on matters of the risk of material adverse deviation, required disclosures, scopes, procedure, type of opinion issued, substantive wording of the opinion or data quality. The disagreements required to be reported in response to this paragraph include both those resolved to the former Appointed Actuary’s satisfaction and those not resolved to the former Appointed Actuary’s satisfaction. The letter should include a description of the disagreement and the nature of its resolution (or that it was not resolved). Within this same ten (10) business days, the insurer shall in writing also request such former Appointed Actuary to furnish a letter addressed to the insurer stating whether the Appointed Actuary agrees with the statements contained in the insurer’s letter and, if not, stating the reasons for which he or she does not agree. The former Appointed Actuary shall provide a written response to the insurer within ten (10) business days of such request and the insurer shall furnish such responsive letter from the former Appointed Actuary to the domiciliary commissioner together with its own responses.

The Appointed Actuary must report to the Board of Directors each year on the items within the scope of the Actuarial Opinion. The Actuarial Opinion and the Actuarial Report must be made available to the Board of Directors. The minutes of the Board of Directors should indicate that the Appointed Actuary has presented such information to the Board of Directors and identify the manner of presentation (e.g. webinar, in-person presentation, written). A separate Actuarial Opinion is required for each company filing an Annual Statement. When there is an affiliated company pooling arrangement, one Actuarial Report for the aggregate pool is sufficient, but there must be addendums to the Actuarial Report to cover non-pooled reserves for individual companies.
