The purpose of putting this information on each state’s website is to provide a direct source from each state for fee information.

The following is the format for providing the information. The lines of information may be expanded to accommodate your state’s required fees. Company types may be grouped together as necessary.

Assessments

The insurance commissioner may assess groups of affiliated insurers based on the company assets from the previous calendar year. The minimum assessment is $500. The maximum amount that can be assessed is the lesser of 0.00015% of total assets or $25,000. If it is determined that an assessment will occur, billing statements will go out in September, with a November 1 due date. (K.S.A. 40-112)

All insurers writing workers compensation insurance may be assessed. This assessment supports administrative and claim payments required of the worker’s compensation fund. (K.S.A. 566a)

*Kansas is a retaliatory state. Admission fees, premium taxes, deposits and other fees will be charged at the greater of the rate in Kansas or the rate charged by the domiciliary state (K.S.A. 40-253)
