INTRODUCTION

The Following pages list all active status domestic (United States) companies with their NAIC company code, group code, statement type, company status and state of domicile. Alien insurers are listed with their alien identification number, certified reinsurance identification number (CRIN) and country of domicile. These listings have been divided into the following sections:

• **Numerical Listing** This section lists all active status companies filing under the following statement types; Fraternal, Property and Casualty, Title, Life, Accident & Health and Health, in numeric order by company code. This section will assist you when you know the company code and need to know the name of the corresponding entity. *(Companies with an NAIC company code less than 10000 are a combined property and casualty statement filer)*

• **Group Listing Numeric** This section lists all members of active status group in numeric order by group code. This section provides access to group information when you know the group code.

• **Alien Numeric** This section lists all active status alien insurance companies by their corresponding identification number. It also includes their certified reinsurance identification number (CRIN) and country of domicile. This section will assist you when you know the identification number or the country of domicile and need to know the corresponding company name. *This number should be used in place of the Federal Employer Identification Number (FEIN) when reporting on Schedule F or S of the NAIC financial statements.*

• **Pools/Associations Numeric** This section lists all active status domestic (United States) pools and associations that have been assigned an identification number by the NAIC. *This number should be used in place of the Federal Employer Identification Number (FEIN) when reporting on Schedule F or S of the NAIC financial statements.*
