Section 1.	Purpose
Section 2.	Applicability
Section 3.	Exceptions

Section 1. Purpose

The purpose of this instrument is to describe the kinds of risks and coverages which may be classified or identified under state insurance laws as marine, inland marine or transportation insurance, but does not include all of the kinds of risks and coverages which may be written, classified or identified under marine, inland marine or transportation insuring powers, nor shall it be construed to mean that the kinds of risks and coverages are solely marine, inland marine or transportation insurance in all instances.

This instrument shall not be construed to restrict or limit in any way the exercise of any insuring powers granted under charters and license whether used separately, in combination or otherwise.

Section 2. Applicability

Marine or transportation policies may cover under the following conditions:

A. Imports

Imports may be covered wherever the property may be and without restriction as to time, provided the coverage of the issuing companies includes hazards of transportation.

An import, as a proper subject, or marine or transportation insurance, shall be deemed to maintain its character as such, so long as the property remains segregated in such a way that it can be identified and has not become incorporated and mixed with the general mass of property in the United States, and shall be deemed to have been completed when the property has been:

- (1) Sold and delivered by the importer, factor or consignee; or
- (2) Removed from place of storage and placed on sale as part of importer's stock in trade at a point of sale-distribution; or
- (3) Delivered for manufacture, processing or change in form to premises of the importer or of another used for any such purposes.

B. Exports

Exports may be covered wherever the property may be without restriction as to time, provided the coverage of the issuing companies includes hazards of transportation.

An export, as a proper subject of marine or transportation insurance, shall be deemed to acquire its character as such when designated or while being prepared for export and retain that character unless diverted for domestic trade, and when so diverted, the provisions of this ruling respecting domestic shipments shall apply. However, this provision shall not apply to long established methods of insuring certain commodities (e.g., cotton).

C. Domestic Shipments

- (1) Domestic shipments on consignment, for sale or distribution, exhibit, trial, approval or auction, while in transit, while in the custody of others and while being returned, provided that in no event shall the policy cover on premises owned, leased or operated by the consignor.

- (2) Domestic shipments not on consignment, provided the coverage of the issuing companies includes hazards of transportation, beginning and ending within the United States, provided that the shipments shall not be covered at manufacturing premises nor after arrival at premises owned, leased or operated by assured or purchaser.

The NAIC’s interpretation may or may not be shared by the individual states or by interested readers.

This chart does not constitute a formal legal opinion by the NAIC staff on the provisions of state law and should not be relied upon as such. Nor does this state page reflect a determination as to whether a state meets any applicable accreditation standards. Every effort has been made to provide correct and accurate summaries to assist readers in locating useful information.
