Preface

This regulation is designed to implement provisions of the Unfair Trade Practices Act regarding complaint recordkeeping. A proper record of complaints serves a dual purpose. It assists the Insurance Department in overseeing the performance of its licensees. In addition, it can serve as a valuable management tool. It permits management to quickly determine how well the company is doing in its dealings with its policyholders and the public. It can identify those areas where improvement is necessary and management can direct its attention accordingly. The recordkeeping procedures specified in the regulation are minimum requirements. Insurers are urged, however, to supplement these procedures and to provide for periodic review of the records in order to maximize the value of its complaint records as a management tool.

While "complaint" is defined both in the Act and in this regulation, it will be necessary on occasion to distinguish an inquiry or other communication from a "complaint." Not every contact by a policyholder or claimant questioning some action by the insurer will constitute a "complaint." Differentiating an "inquiry" from a "complaint" will in many cases involve judgment, which we expect to be applied reasonably. The essential question is: has the writer expressed a grievance? One person who calls your attention to a typographical error in the spelling of his name on a policy may merely be passing on information. Another may be expressing a grievance. The distinction lies in the language used in the letter and in a reasonable interpretation of that language.

Section 1. Authority

This regulation is promulgated pursuant to the authority granted by Section [insert applicable section] of the Unfair Trade Practices Act.

Section 2. Purpose

Section [insert applicable section] of the Unfair Trade Practices Act makes it an unfair trade practice for a person subject to the Act to fail to maintain a record of complaints as specified in such section. The purpose of this regulation is to prescribe the minimum information required to be maintained in such a record of complaints in order to comply with the statute and to set forth a format for such record which may be used by any person subject to this regulation.

Section 3. Content of Complaint Record

Attachment A of this Regulation sets forth the minimum information required to be contained in a person's complaint record in order for it to comply with the statute. Refinements and additions to the information specified therein may, of course, be maintained in such complain record. Attachment B of this regulation contains an explanation of the various headings, codes and other notations contained in Attachment A. The codes are used in order to simplify both the identification of the action underlying the complaint and the keeping of the records.

Section 4. Format of Complaint Record

Attachment A is the suggested format for the complaint record required to be maintained by the statute and this regulation. Refinements, deviations from or additions to this suggested format are permitted so long as the minimum information contemplated by such format can be obtained for Insurance Department review within a reasonable time following a request therefore by an authorized representative of the Department.

Section 5. Maintenance of the Record

The complaint record shall be kept on a calendar year basis and the number of complaints by line of insurance, function, reasons, disposition, and state of origin shall be compiled not less frequently than annually.

The complaint record required by this regulation shall be maintained on and after the date sixty (60) days after the effective date of this regulation.

Section 6. Definitions

As used herein:

- A. "Person" shall have the meaning set forth in Section [insert applicable section] of the Unfair Trade Practices Act;
- B. "Complaint" shall mean a written communication primarily expressing a grievance;
- C. "Insurance department complaint" shall mean a written communication regarding a complaint transmitted by the Insurance Department.

Section 7. Effective Date

This regulation is effective on [insert date].

KEY:

MODEL ADOPTION: States that have citations identified in this column adopted the most recent version of the NAIC model in a **substantially similar manner**. This requires states to adopt the model in its entirety but does allow for variations in style and format. States that have adopted portions of the current NAIC model will be included in this column with an explanatory note.

RELATED STATE ACTIVITY: Examples of Related State Activity include but are not limited to: older versions of the NAIC model, statutes or regulations addressing the same subject matter, or other administrative guidance such as bulletins and notices. States that have citations identified in this column **only** (and nothing listed in the Model Adoption column) have **not** adopted the most recent version of the NAIC model in a **substantially similar manner**.

NO CURRENT ACTIVITY: No state activity on the topic as of the date of the most recent update. This includes states that have repealed legislation as well as states that have never adopted legislation.
